### CWA PLAN GIVING THOUSANDS WORK, OFFICIALS STATE

Needy Are Being Transferred From Relief To Full-Paid Jobs

### CONFERENCE IS CALLED

Needs of Unemployed Women To Be Discussed At White House

WASHINGTON, Nov. 20.—(P)—Many thousands of men were said by public officials today to be at work under the new civil works plan of transferring the needy from relief to full-time full-paid jobs.

As reports of the transfers came in to the new civil works administration, which, however, did not have sufficient figures to estimate the total of new jobs, plans were being made for other relief steps in the announced effort to get 4,000,000 men back at work within the next month.

A number of prominent women were invited to a White House conference at noon today with Mrs. Franklin D. Roosevelt to consider the needs of unemployed women.

"We shall have a full and practical discussion," said Mrs. Ellen S. Woodward, director of women's work for the Emergency Relief Administration.

At the same time, representatives of the Public Works Administration were continuing discussions with railroad officials of another new plan under which the carriers would obtain public works money if they agreed immediately to put men on repair jobs.

Frank C. Wright, director of the PWA's new transportation loan division, reported to Secretary Weeks that progress already had been made. "By deferring repairs that should have been made," the PWA said, "the railroads have built up a large backlog of employment."

On January 1, 1932, the class I carriers had only 6,990 locomotives out of service and undergoing or awaiting repairs, while by July 1 of this year the number had increased to 11,203, or more than 22 per cent of all locomotives owned by class I roads. . . . "It is essential . . . that the roads have enough serviceable locomotives and freight cars to take care of the increased traffic that they must be prepared to handle. Loans of public works funds to carriers will enable them to get ready for this increased business while at the same time moving men off of relief rolls onto pay rolls."

### Jobless Thousands Shifted From Dole

NEW ORLEANS, Nov. 20.—(P)—Thousands of jobless Louisianians today were shifted from the "dole relief system" of the state emergency relief administration to actual full-time employment under the new civil works administration program recently announced by President Roosevelt and perfected in Washington conferences between state and federal officials during the past week.

Harry J. Early of Birmingham, who was placed in charge of Louisiana relief several weeks ago and who has been designated as CWA administrator for this state, estimated that 72,000 persons in Louisiana would be given civil works jobs, 27,000 being employed at once and another 27,000 after December 1 on state projects, with an additional 18,000 placed on federal CWA projects.

Early said the jobs would be distributed according to population and unemployment statistics in the hands of the relief administration and explained the "full-time" employment contemplated meant 30 hours of work a week at 40 cents an hour for unemployed.

## Six Louisianians Die in Traffic Accidents

### Destructive Fire Is Raging Unchecked At El Campo, Tex., Well

EL CAMPO, Tex., Nov. 20.—(P)—A destructive fire raged unchecked at the Pure Oil company's Houston No. 1 well today as workmen risked their lives clearing away wreckage preliminary to making an attempt to extinguish the blaze.

Flames shot more than 200 feet in the air with a deafening roar. At night the flaming torch's glare could be seen for sixty miles. There was no apparent diminishing of the volume of gas and oil feeding the fire. From the amount of smoke, it was indicated that the flow of oil was increasing.

Fire fighters working behind iron shields have been keeping steady streams of water playing on the wreckage around the well in order to keep it cool enough to handle. Lines were made fast to pieces of wreckage and they were pulled out of the way with tractors.

The well caught fire last Friday after blowing in. It had been cemented at 6,411 feet and the plugs drilled out.

### Jes' Ramblin'

ABOUT THE TOWN

By H. H. B.

Morris Hyman, aged 10, is fond of animals and especially of Shetland ponies. For a long time he entreated his father to purchase one for him. At last the parent sent away and the other night there arrived from Ferriday a beautifully marked pony. Morris' joy knew no bounds. Time and again in the early evening he rode up and down the yard and out into the street. Then it came time to go to bed and the pony had to be given quarters for the night.

There was only the family garage and this in no way appealed to Morris as a suitable place for his new found pet. He pleaded that he be allowed to come into the house with him. A big argument ensued. Ultimately Mr. and Mrs. Hyman reluctantly consented to permit the pony to be tied in a corner of the kitchen. The pony was led into the house and Morris retired. In another room his parents listened. Then they heard some strange sounds, evidently being muffled as far as possible. They rushed to Morris' room and found the little lad endeavoring to put the pony in bed beside him for a night's repose and the small equine, unused to so much regal luxury, was interposing obstacles in every way possible.

Right then and there Morris' mother declared that it was bad enough to have a horse in the family residence without making a bedfellow of it to boot. And so the pony had to sleep on the cold hard floor of the kitchen.

J. M. Hirsch, a former Rapides parish resident, is a believer in BUY NOW. In fact he is said by his friends to have adopted this slogan ever since he was born. Imagine his chagrin as well as amazement when Saturday a Western Union messenger boy delivered a telegram. . . . Within he read: "J. M. HIRSCH, BUY NOW AND MAKE IT SNAPPY. (Signed) F. D. R."

He has employed high-pressure and equally high-priced detective to ferret out the identity of the sender of the message he declares and woe betide the guilty party when he becomes KNOWN. . . . J. B. Collins admits that even an annual tax sale now fails to elicit his interest. Times were when he would have traversed the entire state to attend such an event but those days have long ago departed, he declares with a melancholy shake of his head. . . . L. J. Hart says he feels like a man who has just emerged from jail. He spent last week in jury service at the Ouachita parish courthouse. . . . Mrs. L. N. Steward is proud to be able to say that her first cousin, John N. Garner, is vice-president of the United States. What other Monroe woman can lay claim to so much? Miss Eleanor Faulk is now in Japan. Her ship, on which she is going around the world, arrived Friday, provided it reached Yokohama on scheduled time. . . . Mayor Arnold Bernstein was one of the very first to participate in duck hunting on November 16. Haven't yet had a report on what good luck he had. . . . Seemed like a holiday in town Thursday. Looked like 95 percent of the male population was duck hunting. . . .

**APPOINTMENT ANNOUNCED**  
WASHINGTON, Nov. 20.—(P)—The postoffice department announced today appointment of Mrs. Emma P. Aucoin as acting postmaster at Olivier (Iberia parish) La., a fourth class office.

### MOVE IS STARTED TO GET FUNDS TO COMPLETE BRIDGE

Effort Is To Be Made To Obtain PWA Money For Project

### ROAD WORK INCLUDED

Petitions Urging Federal Assistance Being Circulated

A movement was launched Monday morning to ask the national public works administration for funds to complete the new bridge over the Ouachita river at Monroe, as well as the completion of the concrete road connecting Natchitoches street in West Monroe with the Eros highway.

Petitions urging that the two projects be provided for through appropriations from the public works allotment of funds were being circulated Monday and will be presented to business men, civic leaders and public officials in Monroe and West Monroe. They will be sent to New Orleans and will be handed to the members of the state public works committee at a meeting to be held Friday.

The movement had its inception in a telegram received Monday morning from A. P. Tugwell, chairman of the state highway commission, addressed to J. M. Bivard, president of the police jury. The telegram was worded to the effect that it is possible to obtain public works aid for the completion of the Ouachita river bridge and the highway connecting link on the west side of the river provided public interest in the completion is manifested through the signing of petitions which could be presented to the state committee. Edward Rightor of New Orleans is the chairman of the committee. J. M. Smithman of Shreveport and J. M. Thompson of New Orleans are two other members.

Immediately following receipt of the Tugwell telegram petitions were prepared and began circulating among the official and business leaders of the two cities. Mayor Bernstein wanted to be sure that the plans for the extension of Louisville avenue as the approach to the new bridge would be provided for in any project for the completion of the bridge. It was stated by officials of the state highway commission that this part of the project is already included in the \$5,800,000 allotment awarded to Louisiana from public works funds several months ago. It was understood that the contracts had not been awarded pending plans for completion of the bridge.

Mayor Bernstein said he was willing to cooperate in signing the petitions.

### DOCTORS BLAMED FOR BIG PART OF MOTHER DEATHS

Exhaustive Report Published by N. Y. Academy Of Medicine

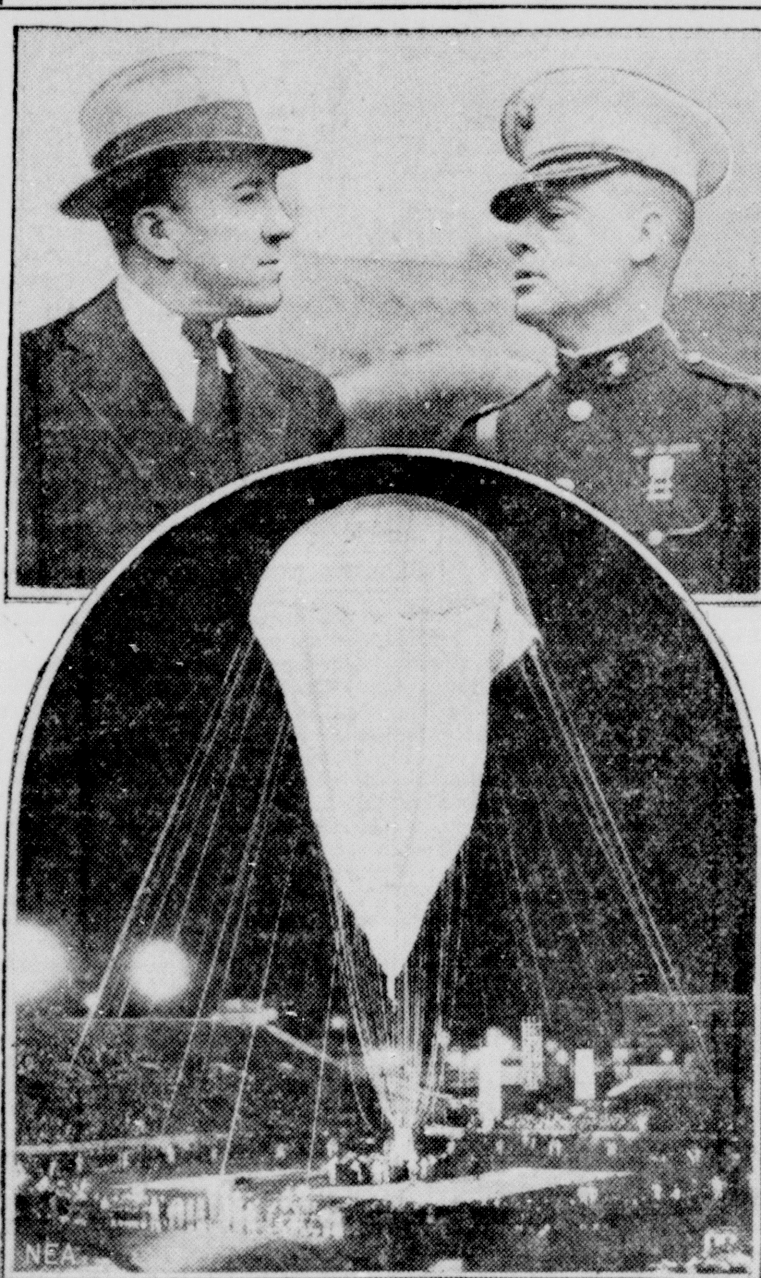

NEW YORK, Nov. 20.—(P)—The New York Academy of Medicine, in an exhaustive report made public today, held the medical profession itself responsible for 61.1 per cent of the avoidable deaths of mothers during the years 1930-31-32.

The report is based upon a study of "all puerperal deaths" in New York City during the three-year period—a total of 2,041. In arriving at its conclusions the committee of doctors who made the study investigated the circumstances of 341,879 births.

Of the 2,041 total of maternal deaths, the committee estimated that 1,243, or 60.8 per cent, could have been prevented "if the care of the woman had been proper in all respects."

Blame for these preventable deaths (Continued on Seventh Page)

### OFF ON TRIP TO STRATOSPHERE

Lieut. Commander T. G. W. Settle of the navy (left, above) and his aide, Maj. Chester L. Fordney of the marine corps (right), sailed away today in their balloon (below) for the stratosphere, at least 36,000 feet above the earth's surface.

### FUGITIVE FROM TENNESSEE PEN IS RECAPTURED

'Roughhouse' at Orleans Leads To Arrest Of Break Leader

NEW ORLEANS, Nov. 20.—(P)—Lonnie Taylor, 29-year-old convict leader in a break from the Tennessee state prison at Nashville last September 27 when one man was killed, was back today in custody after a "roughhouse" at a Bourbon street address.

A complaint went into police headquarters and the escaped convict was arrested along with Edith Holbert, a young woman whom police suspected of being his companion.

Taylor was held here as a fugitive from justice and an escaped convict. He was being hunted by the secret service men on a charge of passing counterfeit money and was wanted for robberies in four southern states.

Taylor told officers after his arrest that pistols were smuggled to him by a penitentiary trust and said that the money he is alleged to have passed was given to him by some one else. Under questioning by John Groesch, chief of detectives, Taylor is alleged to have admitted the daylight robberies of seven or eight banks since his escape.

At the time of his arrest he was being hunted by officers in Louisiana, Mississippi, Alabama and Florida in a series of holdups and robberies.

The latest robberies in the series were accomplished Saturday night at Hattiesburg, Miss., when a bakery and a grocery were held up by a bandit who had a young woman waiting for him in an automobile.

Secret service men here on the trail (Continued on Third Page)

### SETTLE STARTS UPON HIS FLIGHT TO STRATOSPHERE

Naval Lieutenant Accompanied On Trip By Marine Major

AKRON, O., Nov. 20.—(P)—Lieut. Com. T. G. W. Settle advised the naval wireless station here shortly before 1 p. m. (E.S.T.) that he was over East Liverpool, O., about 60 miles southeast of Akron, and was preparing to seal his gondola for the ascent into the stratosphere. At that time he had an altitude of about 12,000 feet, he said.

AKRON, O., Nov. 20.—(P)—Seeking to penetrate further the mystery of the cosmic ray, Lieut. Commander T. G. W. Settle of the navy, and Maj. Chester L. Fordney, marine corps mathematician, sailed away at 9:27 a. m. (E.S.T.) for the stratosphere, at least 36,000 feet above the earth's surface.

The two men were aboard a seven foot gondola, which swung beneath a hydrogen filled bag, expected to (Continued on Seventh Page)

### SCOTTSBORO CASE BLACKS ARRAIGNED

Heywood Patterson's Third Trial Is Set For November 27

DECATUR, Ala., Nov. 20.—(P)—A maze of legal points were rapidly cleared today as Judge W. W. Callahan arraigned the seven oldest negro defendants in the "Scottsboro case" and set the third trial of Heywood Patterson for Monday, November 27. They are charged with assaulting two white girls.

Taking of tedious testimony to support a motion to quash the indictment was avoided by attorneys agreeing to submit the record of the testimony on the question in the previous trial.

A plea of "not guilty" was entered (Continued on Third Page)

**NAMED GRANGE HEAD**  
BOISE, Idaho, Nov. 20.—(P)—Louis J. Taber of Columbus, O., dairyman, was elected today for the sixth successive two-year term as master of the National Grange.

### MONROE MAN IS KILLED IN CRASH NEAR THIS CITY

W. E. (Buck) Abbott Suffers Broken Neck As Car Leaves Road

### CLARK MEETS DEATH

Former Resident Here Is Fatally Injured Near Ferriday

NEW ORLEANS, Nov. 20.—(P)—At least six deaths were recorded early today in a series of traffic accidents in Louisiana and a number of other persons were injured.

Miss Antoinette Barone, about 20 years old of New Orleans, was killed at the Baton Rouge highway intersection near Laplace as the car in which she was a passenger turned somersaults in a ditch while the driver was trying to avoid being hit by a passing car.

Albert Leitz, 49, who was injured Saturday when an automobile hit his ice truck in New Orleans, died Sunday.

Henry Joseph Minette, 35, of Covington, La., was killed early Sunday in the crash from the roof of an automobile in which he was riding. Police said the car had been stolen in New Orleans.

W. E. Abbott, 25, died of a broken neck as his automobile left the highway 11 miles west of Monroe.

F. H. Clark, 41, an insurance salesman of Mer Rouge, died from injuries received near Ferriday, when his car crashed into a parked machine while he was passing a string of automobiles in a funeral procession.

Charley Ray Willis, 16, died in a Shreveport hospital from injuries received from his automobile being struck on the road near Sikes, La., by a truck.

### Accidents Claim Two Lives In This Section

Automobile accidents exacted a toll of two lives in northeast Louisiana Sunday. The first occurred shortly after midnight, 11 miles west of Monroe, when W. E. (Buck) Abbott, 25, was instantly killed. The second fatality was on Sunday afternoon, near Ferriday, when F. H. Clark, 41, formerly of this city, was instantly killed when two automobiles crashed.

Mr. Abbott, well known local man, met his death as the coupe in which he was riding with three companions plunged into a guard rail and left the Dixie-Overland highway. Abbott was (Continued on Third Page)

### ROOSEVELT SENDS SUMNER WELLES BACK TO HAVANA

Non-Recognition, Non-Intervention Policy Continuation Seen

WARM SPRINGS, Ga., Nov. 20.—(P)—President Roosevelt is sending Sumner Welles back to Havana to carry on the United States policy calling for establishment of definite stability in the troubled island.

The brief announcement by the president last night after a five hour talk with Mr. Welles that the ambassador would return to his post was accepted here as meaning there would be no immediate change in the American attitude of non-recognition of the Grau San Martin government and of non-intervention in the island.

I other words, Mr. Roosevelt is waiting to see what the San Martin group can do to maintain peace and stability. The views of Mr. Welles in this regard were kept very confidential.

After devoting his first day at Warm Springs to the Cuban situation, Mr. Roosevelt cast aside official calls (Continued on Third Page)

### Three Hurt as Street Car, Fire Engine Crash

NEW ORLEANS, Nov. 20.—(P)—Two firemen and a schoolboy were seriously injured today when a fire engine answering an alarm and a street car collided on St. Charles avenue in uptown New Orleans.

Lieut. John V. Barroquere, 36, and Pipeman Henry Birst, 65, of the fire department, and John William Ford, the third, 14-year-old Jesuit high school student, were removed to a hospital after the smashup. Other firemen sustained minor hurts.

### Effort Made To Get Government To Hike Dixie Cotton Loans

WASHINGTON, Nov. 20.—(P)—Representatives of southern cotton interests conferred with farm administration officials today in an effort to have government loans to cotton growers increased from 10 to 15 cents a pound.

C. O. Moser of New Orleans, vice-president of the American Cooperative association, headed a delegation from the south which held an executive conference with C. A. Cobb, the farm administration's cotton production expert. No announcement was made concerning matters discussed in the conference.

The effort to have the government loan basis increased originated in the south shortly after the ten cents a pound program was announced. Farm administration officials, since then, have indicated the 15 cents move would not meet their approval.

The move for the higher loan basis has been backed principally by Cooperative Cotton associations and the southern party committee, an organization made up chiefly of cooperative association members.

### CONFERENCE HELD BY MAYORS UPON LIQUOR CONTROL

Gathering Takes Place In Alexandria; Bernstein Attends

A conference was held in Alexandria Sunday of the legal committee appointed by the legislative group of the Louisiana Municipal association. It was called at the instance of Mayor V. V. Lamkin of Alexandria, president of the association.

The legislative committee consists of Mayor Lamkin, chairman, Mayor Bernstein of Monroe, Mayor Hardy of Shreveport, Mayor Bynum of Baton Rouge and Mayor Trotti of Lake Charles.

The conference was attended by City Attorney Harry H. Russell of Monroe, City Attorney H. Payne Breazeale of Baton Rouge and City Attorney S. L. Richey of Alexandria. City Attorney Aubrey Pyburn of Shreveport was delayed en route from New Orleans as was the city attorney of Lake Charles. Other city attorneys from different sections of the state were present at the conference.

The conclusion was reached, that, after repeal of the eighteenth amendment became effective, and pending legislation by the state of Louisiana, the matter of license, control and regulation of the liquor traffic was vested in the municipalities under their general police power. Mr. Russell, Mr. Breazeale and Mr. Richey were requested to prepare a uniform ordinance to be submitted to the Louisiana Municipal association immediately with a view of regulating the situation.

It was recognized that the various features such as location of places of business, zoning, hours of opening and closing, and other special conditions were dependent upon local situations.

Mayor Bernstein said: "The recommendations of this conference will be (Continued on Third Page)"

### 1933 DIRECTORY ISSUED MONDAY

Volume Contains Valuable Data On Monroe And West Monroe

The Interstate Directory company's 1933 volume for Monroe and West Monroe was being distributed Monday from the plant of the Monroe Printing company, publishers of the book. It has been prepared with much care under the direction of C. B. Page, manager, and printed and bound completely by the local printing company. The binding is orange colored, with red and black lettering, making it highly attractive. Advertising support has been excellent.

There are five major departments to the book. One is the buyers guide, a second, an alphabetical list of names of residents and business firms, a classified directory of business houses, street and avenue guide and direct-

(Continued on Third Page)

### DRAFTS ON WEISS DURING CAMPAIGN GIVEN AT \$10,000

One For \$600 From Central Bank Is Endorsed By P. M. Atkins

### OBJECTION IS RAISED

Overton Opposes Testimony Concerning Liability Account

NEW ORLEANS, Nov. 20.—(P)—Bankers testifying in the senate investigation of the election of Senator John H. Overton, Democrat, Louisiana, ally of Senator Huey P. Long, said today that approximately \$10,000 in drafts were drawn on Seymour Weiss, treasurer of the Long political organization, for the 30 days prior to the Overton primary.

Herman Lind, assistant cashier of the American Bank and Trust company, testified that a liability account of Seymour Weiss, amounting to \$22,215 and of several years standing, was paid on December 7, 1932. He said the account was secured by stocks and guaranteed by two endorsers, Mike Moss and Irving Moss. Lind said the record indicated the amount was paid off in cash. "It was possible that it was paid by check."

This testimony was introduced over the objection of Senator Overton. The six bankers who testified as to the numerous drafts drawn on Weiss and others in the period from August 12 to September 12, 1932, did not know, with two exceptions, who endorsed the drafts.

Charles W. Hogan, an officer of the Interstate Bank and Trust company, said that one draft on Weiss for \$600 on September 7 from the Central Savings bank of Monroe was endorsed by P. M. Atkins, former highway commission official.

He said that on August 25, a draft for \$460 from the Louisiana National Bank of Baton Rouge was endorsed by S. Y. Yates, who was not identified.

The bankers said the drafts were collected by runners and they did not know whether they were paid in cash or by check.

The bankers had been called to testify on drafts drawn on Weiss, Senator Huey P. Long, Senator Overton, State Senator Harvey Pelletier, State Representative Allen Ellender, and the Roosevelt hotel, managed by Weiss, Pelletier and Ellender were the Overton campaign managers.

Leeds Eustis, cashier of the Whitney National bank, testified that two drafts, one for \$220 on September 15, and another for \$245 on October 7 were drawn on Weiss by the First National Bank of Chicago, and endorsed by the Congress hotel of Chicago.

Other drafts, he said, were as follows: September 10—Draft on Overton headquarters for \$411 from the People's Bank and Trust company of New Iberia, La.

September 13—Draft on Weiss for \$1,000 from a St. Martinsville bank. September 13—Draft for \$300 on Weiss from the Calcasieu National Bank of Jennings, La.

September 13—A draft for \$500 on Weiss from the Rapides Bank and Trust company of Alexandria, La. September 15—A draft on Weiss for \$150 from the Rapides Bank and Trust company of Alexandria, La.

September 20—A draft on Weiss for \$21.69 from the Rits National Bank of Washington, D. C.

John F. Fink, liquidator of the Canal Bank and Trust company, testified that an examination of records disclosed the following drafts in the period mentioned:

September 13—A cash letter on Weiss for \$500 from the Union Bank and Trust company of Baton Rouge, La.

September 13—A cash letter on Weiss for \$3,000 from the Commercial Bank and Trust company of Lafayette, La.

Senator Tom Connally, committee chairman, asked Mr. Fink if this draft (Continued on Third Page)

### ROGERS HAS HIS SAY

SANTA MONICA, Calif., Nov. 20.—(Special)—Been so warm and nice out here that it's knocked a lot of people out of work. Leaves Californians with nothing to do. They can't lie about the weather. Germany has got everybody all excited now. It sure seems good to have all the ills of the world blamed on somebody besides us. This country is gradually getting Democratic at that. See where J. P. Morgan had test for the first time in the White House. Of course, he took his own tea, but it was nice of him to drop in to the old frame hut at that. I tell you the big men are changing. Yours, Phil Rogers

**IN A SNOWSTORM**  
With fierce white teeth snow nips the street  
And wind stings cruelly.  
I think of hickory logs, hot scones and sweet  
Incense of China tea.  
I keep time to a steaming kettle's hum  
Upon soft damask, where  
A bowl of frezias and chrysanthemum  
Illuminate the air.  
My heart is colored with the lights of home  
And tuned like bells of gold  
To voices thrilled with welcome when I come,  
Delightfully hungry and cold.  
—L. Logan Kean.

Almost everything that happens in the process of nature has a spiritual, esoteric meaning, a hidden poetical meaning, to the wilderness philosopher who sees the material laws running into the metaphysical, unseen kingdom. We have lived, all of us, continuous lives in the bodies of our human, animal and perhaps vegetable ancestors since the first cellular life on earth. A silver thread of existence, of life, has run down the sordid, terrible, hopeful and aspiring generations from the time the Master breathed upon "that first man made of clay," to us. Death has never intervened between him and us—else we were not here. When we die, tomorrow, or next day, individually, the race and life at large will go down the ages. And we shall have died for the first time! Our little strand of the rope—whether our souls continue as conscious units or not—will go back to earth from which it came. Let's go out gloriously, thankful that our atoms and energy will continue as part of the earth that gave them to us! There is no mourning, sorrow, when autumn leaves fall. Their lives also go back like golden threads to the beginning. When they fall, like us they go back to earth, though the tree lives on and the forest persists. Falling joyfully in red and gold showers, they go back to the black loam, the "dough of life" from which new life springs eternally. We shall not be less than they.—Otis Swift.

Mrs. Louise Dowling of New Orleans is the house guest of Mr. and Mrs. Joseph Guerriero and incidentally making the acquaintance of Marion Louise Guerriero who arrived on the eighteenth of the month.

## Make This Model at Home

News-Star Daily Pattern

FOR THE 'NOT-TOO-SLENDER' FIGURE  
PATTERN 1571

by Anne Adams

Fashion favors the 'not-too-sleender' figure this year with a straighter silhouette, and details that flatter where most important to hide the tell-tale pounds. You'll love the model shown today for its carefully designed lines. Two revers flare softly over the bust, the sleeve adopts fullness at the elbow where arms are not stout and hips are slimmed by a snug pointed yoke. A frock you'll be proud to wear on all occasions—and prouder still to boast you made! Satin, velvet, faille, crepe or sheer wool are suitable mediums.

Pattern 1571 is available in sizes 36, 38, 40, 42, 44 and 46. Size 36 takes 4 1/4 yards 39 inch fabric and 1-2 yard contrasting. Illustrated step-by-step sewing instructions included.

Send FIFTEEN CENTS (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly name, address and style number. BE SURE TO STATE SIZE.

THE WINTER EDITION OF THE ANNE ADAMS PATTERN BOOK WILL HELP YOU SAVE MONEY. ORDER YOUR COPY TODAY! PRICE OF CATALOG FIFTEEN CENTS. CATALOG AND PATTERN TOGETHER TWENTY-FIVE CENTS.

Address orders to Monroe News-Star Pattern Department, 243 West 17th Street, New York City.

## Twilight Tea Claims Lovely Members of the Younger Set At Home of Miss Peggy Bubb

Fragrant flowers, radiant candlelight, gay conversation and a bevy of beautiful girls in exquisite evening frocks were the highlights of the charming tea arranged by members of the Delta Beta Sigma sorority in the home of Miss Peggy Bubb, Sunday afternoon, between the hours of four and six in honor of two lovely brides-to-be, Miss Jo Mary McKoin and Miss Alice Cobb.

Miss Cobb on this occasion wore a picturesque evening model of Ciel blue taffeta and Miss McKoin wore a most becoming evening model of pink taffeta. Both wore exquisite corsages, the gifts of their hostesses.

The guests of honor, members of the sorority and their charming sponsor, Mrs. Fletcher Ashcraft, all wearing evening models, stood in the reception suite against a background of yellow chrysanthemums, marigolds and yellow roses to receive the guests.

Corsages were also presented to the two charming mothers of the honor guests, Mrs. B. M. McKoin and Mrs. J. M. Cobb.

The table in the dining room, flooded with mellow candlelight attracted the guests who were served tea from the handsome silver services at either end of the table, presided over by Mrs. Cobb and Mrs. McKoin. An oblong plaque of yellow roses and pom-pom chrysanthemums and marigolds bordered with maiden hair centered the lace draped table overlaid with Renaissance lace over yellow satin. Open faced sandwiches, salted nuts, crystallized fruits, fancy cakes and mints embossed in the letters A-C were served.

Beautiful boudoir lamps, one of orchid and one green were presented to Miss Cobb and Miss McKoin from members of the Delta Beta Sigma.

Welcoming the guests and extending courtesies were: Misses Eloise Goynne, Peggy O'Toole, Corrine Lowry, Dorothy Williamson, Roberta Neil, Elaine Rester, Peggy Bubb, Pollyanna Shotwell, Mrs. Albert Bubb also assisted in extending hospitality.

Interesting house guests of Senator and Mrs. James A. Noe on Saturday will be Miss Rose Long, daughter of U. S. Senator and Mrs. Huey Long, Miss Joyce Allen, daughter of Governor and Mrs. O. K. Allen and Miss Marjorie Smith, daughter of Dr. and Mrs. Smith of Baton Rouge. Dr. Smith is president of the Louisiana State university.

Members of the Sketch club have postponed their benefit card party until a future date.

Mr. and Mrs. Joseph Guerriero announce the arrival of a lovely daughter, Marion Louise, at the clinic on the eighteenth of November.

## Coming Events

Tuesday

Baptist church orchestra, hosts at dinner in honor of Miss McKoin and Dr. Cummins at the home of Mrs. Grover Cornett at 8 p.m.

Presentation of two-act play "The Quarantine" by Ouchita parish high school pupils at the auditorium at 8 p.m. the public is invited.

Members of the Joe Moseley B. Y. P. U. will entertain with a boat ride on board the "Madame Queen" at 7 p.m. Meet at Baptist church.

Program meeting of Methodist Missionary society with circle 11 leaders, 7:30 p.m.

The regular Presbyterian Auxiliary program meeting. An excellent program has been planned. You are most cordially invited to attend, 3 p.m.

Mrs. Anna Speed, Mrs. T. O. Bancroft and Mrs. E. T. Lamkin will entertain at tea in honor of Miss Alice Cobb, 4 to 6 p.m.

Miss Anna Rosalee Herring will entertain at luncheon in honor of Miss Jo Mary McKoin, 12:30 p.m.

Mrs. John Hay, foreign mission secretary, will have charge of the Presbyterian program meeting to be held in the church school room. Circle Five will be hostess.

Benefit dancing party at K. of P. hall, sponsored by Thompson Wood Lee Auxiliary, 9 to 12 p.m.

Mrs. J. Q. Graves will entertain at luncheon in honor of Miss Sarah Farmer, Miss Alice Cobb and Miss Jo Mary McKoin, 12 o'clock.

The Logtown community club will meet with Mrs. H. B. Todd at 2:30 p.m.

Mrs. Arthur Dryburgh will entertain with a coffee hour in honor of Miss Sarah Farmer, 10:30 a.m.

Program meeting of the Baptist Missionary society with circle ten leaders, 3:15 p.m.

Thompson Wood Lee Auxiliary benefit dance at K. of P. hall at 9 p.m.

Meeting of the Logtown Community club with Mrs. Todd at 2:30 p.m.

Meeting of the Ladies Society of the B. of L. F. and E. at the Missouri Pacific Booster's hall at 3 p.m.

Miss Suzanne Hirsch will entertain a few friends informally in honor of Miss Sarah Farmer, 4 p.m.

Thursday

Meeting of Auxiliary to Veterans of Foreign Wars at 7:30 p.m.

Meeting of the Sherrone P.-T. A. at 3 p.m.

Mrs. G. B. Cooley and Mrs. William Rodriguez will entertain at tea in honor of Miss Alice Cobb.

Mrs. J. B. Vaughan will entertain at luncheon in honor of Miss Sarah Farmer.

Miss Anna Laurie Smith will entertain the H. H. H. club at dinner at the Frances hotel in honor of Miss Sarah Farmer, 6 p.m.

Mrs. J. B. Vaughan will entertain at luncheon in honor of Miss Alice Cobb.

Friday

Miss Happy Tidwell will entertain at dinner at the Frances hotel in honor of Miss Jo Mary McKoin, Miss Sarah Farmer at 6 p.m.

Presentation of Tom Thumb Wedding at the Ouchita parish school auditorium, auspices of Presbyterian Auxiliary afternoon and night. The public is invited.

Lida Benton P.-T. A. will entertain with a carnival and "Cake Walk" at 7:30 p.m. The public is invited.

Mrs. Bradley Waelder will entertain at bridge in honor of Miss Jo Mary McKoin, Miss Sarah Farmer and Miss Alice Cobb, 2:30 p.m.

Saturday

L. S. U. dance at the Virginia hotel at 9 p.m.

Senator and Mrs. James A. Noe will entertain on board the "Noe's Ark" in honor of Miss Rose Long, Miss Joyce Love Allen and Miss Marjorie Smith of Baton Rouge.

Miss Jane Colbert will entertain at breakfast honoring Miss Sarah Farmer, 10:30 a.m.

Mrs. Frederick Millaps will entertain with a coffee hour in honor of Miss Jo Mary McKoin, 10 a.m.

Miss Maria Wooten and Miss Elizabeth Platt, hostesses at coffee hour complimentary to Miss Alice Cobb, 10 to 11:30 a.m.

Mrs. Wesley Shatto and Miss Florence Ferguson, hostesses at luncheon complimentary to Miss Alice Cobb, 12 o'clock.

Mrs. Henry Bernstein, hostess at buffet supper in honor of Miss Alice Cobb and Mr. Theodore Allen, 8 p.m.

Mrs. Henry Biedenharn, hostess at a buffet supper in honor of Miss Jo Mary McKoin and Dr. Cummins, 5:30 p.m.

Mrs. Melville Hunter will entertain with a luncheon in honor of Miss Jo Mary McKoin, 1 p.m.

Junior Charity League ball Cherokee Terrace Frances hotel 9 p.m.

Sunday, Nov. 26

Mrs. Robert Layton will entertain with a breakfast party in honor of Miss Alice Cobb.

Mrs. D. E. Barham of Oak Ridge will entertain at luncheon in honor of Miss Jo Mary McKoin and Dr. J. Cummins.

Mrs. A. D. Tidale and Mrs. O. A. Easterling will entertain members of the McKoin-Cummins bridal party following rehearsal.

Mrs. Harry Frazer and Miss Robbie Lee Hanna will entertain with a coffee hour from 3 to 4 p.m.

## ENGAGED? THEY DENY IT

It's just another professional matchmaker's tale, declare Ishbel MacDonald and Prof. C. King Gordon, quizzed on their reported engagement. The wedding is to take place soon, says the London report. But the daughter of Britain's premier and the Montreal university professor just give it the laugh. They're shown together as they watched a football game during one of Ishbel's visits to the U. S.

Once again the Leonid shower of shooting stars is the main attraction on the celestial calendar. Perhaps this month we shall see a display the like of which can be recalled by few now living. We may see a shower of meteors rivaling that of 1866 or even that of November, 1833, when the whole sky was thick with their flashing light. But, again, we may be disappointed, as we were in 1899.

No blame should be attached to the astronomer for his inability to predict them precisely. The uncertainty is inherent in the nature of the beast. Take an eclipse of the sun, for instance. We are riding around on the earth and can observe its position among the other heavenly bodies at any part of its orbit. The moon, too, we can observe in practically all places of its path around us. The result is that its orbit and that of the earth can be calculated with great accuracy.

The French society, Les Beaux Esprit, of the Ouchita Parish high school held a meeting Friday, November 18. The presiding officers of the club are: Faculty sponsor: Miss Mildred Sherrod; Francine Laesser, president; Sallie Honea, vice president; Edna Arnold, secretary; Jane Warren, treasurer; Harold Cannon, reporter.

An unusual program of French games was enjoyed, followed by a contest of French words. Unique prizes were awarded the winners. Edna Arnold and Eleanor Trew.

The recent program of the club has French poet, dramatist and novelist, Victor Hugo.

By Miss Clara Nettie Hemler  
DAWN—Heavy eyes open to a world of mist.

Pale lips, waiting to be kissed. He does not mind the fetter, Just a tiller of the soil—nothing better.

SUNRISE—Gnarled hands turning the plow, Calloused feet following somehow. "Giddap," the team seems slow, Keen eyes watching little plants grow.

MAILTIME—a broadened smile. He leaves the team standing and runs the mile. A small brown package, he holds it tight, "Today's anniversary, ain't it a sight?"

NOONTIDE—to the house he goes, No more thought of clouds and rows. He slips into her hand the package small; Another kiss, memory, children and all.

SUNSET—Long calls for the mooring cow As heavy feet turn homeward now To the night chores with aching limb; Ah! The night chores she's done for him.

TWILIGHT—the tiller nods his rest As he lifts his soul "God I've done my best," Hervy eyes close to a world of dusk, Small animals trail by leaving musk.

Mr. and Mrs. J. Harvey Trousdale, Mr. and Mrs. Gordon Wright and Miss Bower Weeks, entertained at breakfast in the Trousdale home, Sunday morning at eleven o'clock complimentary to Miss Alice Cobb and Mr. Theodore Allen.

Gorgeous yellow chrysanthemums banked the drawing rooms where the guests were welcomed before the serving breakfast in the dining room.

A pastel color theme was portrayed in the mound of roses, ageratum and gardenia gracing the damask covered table. The long mirrors reflected the soft candlelight from myriad pink tapers burning in pink crystal candlesticks on buffet and mantel.

A most delectable breakfast was served to Mr. Allen and to Miss Cobb with close fitting hat. Also to Mr. and Mrs. J. M. Cobb, Mr. and Mrs. Wesley Shatto, Mr. and Mrs. John Theus, Mr. and Mrs. George Trousdale, Miss Elizabeth Platt and Mrs. Henry Bernstein Jr., Miss Maria Wooten and Mr. John Cann, Mr. and Mrs. J. H. Trousdale, Mr. and Mrs. G. Wright and Miss Bower Weeks.

## By the World FORGOT

A New Serial by Ruby M. Ayres

**SYNOPSIS:** George Bancroft has tried to get information about the boy she loves even from Bernice Lloyd, his wife, but with no success. Nicholas is in Germany trying to have removed the scar that has ruined his film career. Bernice is making a picture in England. George's mother has taken her from her village home to London, and now tries to get her and complains because she will not marry Clifford Asher, Nicholas has not even answered George's letter.

Chapter 37

**WORD FROM NICHOLAS**

OF COURSE she could marry Clifford if she wished to; George opened her eyes with a start as Bishop came into the room.

"Is your mother out?" he asked.

"Yes."

George stood up. "May I ask you something?" she said.

"What?"

"What do you want me to do?" she asked in her most direct way.

"To do?" he queried.

"Yes. Do you want me to go to Scotland, or to go back to Uncle Edward, or what shall I do?"

He laughed. "Your mother does not want you in Scotland," he said.

George opened her eyes wide. "Why not?" she asked.

"She has other fish to fry," he answered; he came a step nearer to her. "You look such a child," he said. "And yet you should be old enough to understand something of life." He paused a moment, then asked: "Do you imagine that your mother and I are contented with one another?"

George shook her head.

"I don't know."

He eyed her steadily. "Would you prefer to stay with your mother, or would you care to come to Germany with me—always supposing I go?"

The hot color raced to her cheeks. "You said you were not going," she breathed.

"I have been advised that it is well, unnecessary," he answered. "But I am not a man who is fond of taking advice, and anyway you have not answered my question."

"I would rather come with you, of course," George said breathlessly.

"For my sake, or for the sake of someone who is already there?" he asked, with faint irony.

"For both," George said.

"Humph. Well, we will see."

"When shall we go?" George asked; her eyes were bright with excitement, all her lassitude and weariness had vanished.

**BUT** Bishop would say nothing definite.

"I have not said that we shall go," he answered. "You must not be impatient." He turned to leave her, but George ran after him.

"Do you really, really mean it?" she asked, in a trembling voice.

"If I go, I will take you with me," was all he would say.

So the vague "something" for which she had been waiting had come at last! That was the one thought in George's mind; there was something to look forward to. Germany shone before her like a bright star, making everything else fade into insignificance.

She would see Nicholas; of course she would see him! Her feet seemed to dance for sheer happiness, and if Evelyn had seen her at that moment she would no longer have needed to talk about rouge; George's cheeks were rosy with happiness.

She had told Nicholas that she had grown better looking! Would he think so? Or would he be disappointed?

"You are a very dear little girl, Robin," so he had once said to her. Life was being kind at last; she turned sharply round as someone tapped at the door.

"Come in," George said cheerily; at the moment she loved everyone. Life was beautiful.

One of the hotel pages entered.

"A young lady to see you, Miss. She said she was sure you would see her."

"Who is it?" George asked.

"Miss Taylor, Miss."

Nelly! "Oh, show her up," George said.

She had not seen Nelly since she looked up her new work with Bernice Lloyd; had not even heard how she liked it or was progressing.

It would be fun to see Nelly, and have a long talk with her.

**NELLY** looked a little stiff and shy as she entered; she seemed rather surprised when George kissed her.

"You ought not to do that now," she protested.

afternoon's program by an account of her visit to Monroe, La., to the state meeting of the Federation of Women's club held there recently. Besides those already mentioned the other members attending the meeting were Mrs. Katie Watson, Mrs. Joseph Curry, Mrs. Fred Cummings, Mrs. John Blanche, Mrs. Fred Skinner, Mrs. Maury Stanton, Mrs. John Osborne, Mrs. John Hughes, Mrs. Fred Cassel, Miss Mary Reiber and Mrs. Louis Cobb of Yucadia, Calif.

The Cosmopolitan club met on Friday afternoon at the home of Mrs. Curry MacPherson. Mrs. Philip Watson was the leader. An interesting program was rendered which was as follows: 1. The Lord's prayer petitions

applied to one day, Mrs. Ida Jones. 2. Book review, Mrs. Holliman Cook. 3. English literature and the influence of the Bible, Rev. Mr. Ralph MacKaney. 4. Vocal solo, Miss Mary Jane Youtree. Besides the hostess, Mrs. MacPherson, and the other members already mentioned, the club members present were: Mrs. Blanton Evans, Mrs. Alex Blackman, Mrs. John Guice, Mrs. Christopher Haddon, Mrs. Oscar Levy, Mrs. Eugene Stevens, Mrs. F. Alton Thomas, Mrs. Thomas Wade, Jr., Miss Willie Mae Jackson and Miss Mary Sanders.

LARGE JARS 5c AND 10c. ALSO IN TUBS 15c. WHY PAY MORE?

**MOROLINE**

ASK FOR IT BY NAME. WHITE PETROLEUM JELLY. ALSO IN TUBS 15c.

## NEGROES CHARGE \$40,000 SWINDLE

Nine From Jackson Parish Make Identification Of Burnside

Identified by nine Jackson parish negroes as one of the men who fled more than 200 negroes of that parish out of approximately \$40,000 in 1928, W. C. Burnside, alias Judge Coty, who is being held in the parish jail here in connection with inciting revolutionary ideas among the negroes of Union parish and fleeing them about \$2,600, appeared nervous and "unable to look the negroes in the eye" as they viewed him here Monday morning.

The negroes in Jackson parish had kept the secret of the operations there on fear of death, even after the men had fled with their money. But as he gradually "leaked out" officials of Jackson parish began a quiet search for the men, it was said.

Deputy Sheriff C. G. Walpole of Jonesboro brought the negroes to Monroe to identify Burnside. "That's the Judge," they all said.

Financially, the operations of the men in Jackson parish were greater than in Union parish.

The negroes who identified Burnside said that the two men were not inciting them toward revolutionary activities but that they, posing as secret service agents, had told them there were 72 others like themselves working all over the United States organizing a negro "union" and that the election of Herbert Hoover to the presidency would mean the coming of the negroes into power.

"It cost us \$25 apiece to join the union," one negro said, "and all the money we could scrape up to help the cause along."

One negro family alone paid the men \$200, it was said.

"We sold everything we had, cattle and cotton. We mortgaged our homes. Sold everything we owned to raise money for the union," the negroes said.

The government was going to help the negroes get better jobs, the Judge had told them. The negroes were to take charge of a bank at Chatham and operate all the stores. Factories were to be built from Ruston to Columbia and every negro was to get a job, according to the promises of the men. When everything began running smoothly the negroes were to be paid their money back with big interests.

The two men worked among the Jackson parish negroes for nearly a year, chiefly in the territory around Eros and Chatham. The negroes were given pass words and they held secret meetings, much in the order of the meetings among the Union parish negroes. The Jackson parish negroes were to face a "firing squad" if found guilty of giving up the secrets of the organization to the whites. They were told by the men that they would "be shot at by 12 men only one of whom would have a loaded gun." In this way the "traitor to the union" would be killed and no one would know which of the 12 men killed him, it was said.

## What SHE TOLD WORN-OUT HUSBAND

SHE could have reproached him for his fits of temper—his "all in" complaints. But wisely she saw in his frequent colds, his "flagged out," "on edge" condition the very trouble she herself had whipped. Constipation! The very morning after taking NR (Nature's Remedy), as she advised, he felt like himself again—keenly alert, peppy, cheerful. NR—the safe, dependable, all-vegetable laxative and corrective—works gently, thoroughly, naturally. It stimulates the eliminative tract to complete, regular functioning. Non-habit forming. Try a box, 25c—at drug stores.

"TUMS" Quick relief for acid indigestion, heartburn. Only 10c.

## Kill that COLD!

Don't Merely Coddle It with Half-Way Measures!

A cold is nothing to trifle with! It may end seriously. A cold, being an internal infection, calls for an internal remedy. It also calls for a cold remedy and not something good for a number of other things as well.

Grove's Laxative Bromo Quinine is what a cold requires. It is expressly a cold remedy. It is direct and internal—and it does the four things necessary. It opens the bowels, combats the cold germs and fever in the system, relieves the headache and grippy feeling and tones and fortifies the entire system. Anything less than that it is taking chances with a cold. Grove's Laxative Bromo Quinine is sold by all druggists, 30c and 50c. Accept no substitute. (adv.)

## DRAFTS ON WEISS DURING CAMPAIGN GIVEN AT \$10,000

(Continued from First Page)

was paid in cash, but the liquidator said the records did not indicate that, but said he would ask the runner if he remembered.

September 29—A draft for \$100 on Weiss from the American Trust company, of Charlotte, N. C.

Mr. Fink said that two loans made to Weiss one for \$5,000 on September 1, and another for \$2,500 on September 9 were both paid in full October 5, in cash.

He said that on August 13 Weiss' checking account had a balance of \$185.80, and that on October 13 his dormant savings account totaled \$1,708.17.

At the conclusion of his testimony Mr. Fink said he had read reports in which Edward Rightor, counsel for Senator Edwin F. Broussard, who was defeated by Overton, said he found it difficult to secure information from New Orleans banks in liquidation. He said no previous request for information had been made at his bank.

Charles W. Hogan, an officer of the Interstate Bank and Trust company, said the following drafts were drawn through his bank:

September 12—A draft on Harvey Peltier for \$50 from the St. Landry Bank and Trust company, of Opelousas, La.

September 12—A draft on Weiss for \$1,000 from the St. Landry Bank and Trust company of Opelousas, La. Mr. Morgan said it was his recollection that this \$1,000 draft was paid in cash by Mr. Weiss.

Edward Maguire, liquidator of the Hibernia Bank and Trust company, testified to the following drafts:

September 7—A draft on Weiss for \$600 from the Central Savings Bank of Monroe, La., endorsed by P. M. Atkins.

September 7—A draft on Weiss for \$350 from the Commercial Bank and Trust company of Franklin, La.

August 25—A draft on Weiss for \$450 from the Louisiana National Bank of Baton Rouge, La., endorsed by S. Y. Yates.

He also testified that seven small drafts were drawn on the Roosevelt hotel, but he did not know what banks presented them. They were as follows:

Ten dollars and fifty cents on August 30, \$10 on August 25, \$15 on September 6, \$125 on September 6, \$15 on September 6, \$50 on August 24, and \$20 on August 24.

Herman Lind, assistant cashier of the American Bank and Trust company said that the New Orleans Roosevelt corporation had a special reserve account of \$3,162.50 on August 13, and that this account was closed out on August 14. He then testified as to Weiss' liability account of \$22,215.

Senator Overton objected, saying he thought it was a personal business matter and should not be disclosed. Senator Connally said he did not think it would necessarily "reflect unduly" on anyone.

Lind said that the account had been carried for several years, and that the money was secured by stock collateral and the endorsement of Mike Moss and Irving Moss.

Lind said the records indicated that the account was taken up in full on December 7 by a cash payment, but asserted it was possible the amount was paid by check.

Lawrence J. Dumenstre, a former officer of the Continental Bank and Trust company, now in liquidation, said that his bank had handled no transactions of any kind for the specified parties in the period before the election.

After conclusion of the draft examination, George W. Hunter, testified that James Brooks, who had been drawn as a Broussard commissioner for precinct 10, ward 16, had served as an Overton commissioner, telling Hunter that he had switched his allegiance for a \$300 a month job with the dock board. Hunter said that Brooks made the statement in the presence of a witness, John Finney. He said Edwin Brooks who had been drawn as a Broussard watcher, had not been seen at the polls.

Charles J. Pohlman, an official Broussard watcher in the twenty-fourth precinct, ninth ward, said the Overton commissioner permitted a man to vote on a poll tax receipt issued for a woman, and two women voted who did not live in the precinct.

A young man came to vote, Pohlman said, who said he had lost his poll tax receipt but had his registration certificate. Pohlman said he examined the poll tax books and did not find that a poll tax receipt had been issued to the young man.

"A commissioner for Overton told the young man to step outside, as somebody might have found his receipt," Pohlman said. "A little later he came back with a St. Bernard parish tax receipt, and voted."

The witness said he protested but his protest was not allowed. Milton Fortier, a Broussard watcher, said "a dead man" voted at the twenty-fourth precinct of the ninth ward and the vote was allowed over the challenge of Broussard representatives. The witness said the dead man was Peter Barosse, who had been dead several months. He said he did not know who voted for the dead man. On cross examination, Fortier

said he had read in the newspapers that Barosse had died.

Two witnesses, Salvatore Guerico and Mrs. Alfred J. Billhartz, testified that they had found official ballots scattered in the streets two days after the election. Guerico said he found six ballots in a ditch on Lemanche street, and on the neutral ground of St. Claude ave., one block from the polls. Mrs. Billhartz said she found 12 ballots on Caffin ave.

John Eiffert, a Broussard watcher, precinct Seven, ward nine, said he and the other watchers were put out of the polls when the commissioners started counting the ballots and were not allowed back in until 35 minutes later, after he had protested to the arbitration board.

Walter C. LeBlanc, a Broussard watcher and precinct captain in the fifteenth precinct of the eighth ward, said that he had seen one woman vote on the registration number of another woman.

"A lady came to vote who did not belong to the precinct," he said. "I asked the commissioners what her name was, but they wouldn't tell me. In the afternoon the rightful owner of the name voted."

"How do you know the first woman voted on the registration paper of the second," asked Senator Connally.

"They called out the registration number of the first woman but not her name. When the second woman came to vote they called out the same registration number, and also her name."

"Who was that first woman?" asked Ellender.

LeBlanc said that all the commissioners at the precinct were Overton men, and that they counted the ballots alone, not permitting either Broussard or Overton watchers to come inside.

James Hart, an unofficial watcher in the seventh precinct of the fifth ward, testified that "commissioners were issued to seventeen men who went in after the polls closed to count the ballots."

"Were there any Broussard commissioners?" asked Connally.

"There was one," replied Hart. "They let seventeen men in who were all Overton supporters. I saw one of the Overton men giving out commissions just when the polls closed. That made twenty-two commissioners inside counting the ballots. One for Broussard, and twenty-one for Overton."

## FUGITIVE FROM TENNESSEE PEN IS RECAPTURED

(Continued from First Page)

of Taylor identified him after he had been taken up in the police complaint. Police questioning of Taylor continued this morning and federal authorities said he might be charged locally with posing as a federal agent at the Bourbon street rooming house where he created a disturbance which resulted in his arrest.

Disposition of the prisoner remained in doubt as officers dispatched his fingerprints to authorities in four southern states which have signified they wanted to question him in connection with a series of holdups and robberies.

## CWA PLAN GIVING THOUSANDS WORK, OFFICIALS STATE

(Continued from First Page)

skilled labor and \$1 an hour for skilled labor.

This compensation compares with the approximately \$1.50 a day formerly paid by the state emergency relief administration to beneficiaries who only had about two or three days work per week, according to the size of their families.

The CWA projects, it was pointed out, will thus place thousands of additional dollars in circulation in the state each week, carrying out the federal administration's aim of getting money back in the hands of the general public.

All CWA projects will be construction of a permanent character, replacing the grass cutting and maintenance chores of the ERA, which will be discontinued. It was pointed out that such projects as repair and extension of sewerage and water systems, extension and repair of parks and playgrounds, restoration of public buildings and similar projects will be featured.

Local relief and public officials throughout the parishes have been asked to prepare speedy lists of available work on which the CWA is ready to spend federal moneys in order to spread employment and put cash in circulation.

The plan is nation-wide in scope.

## MONROE MAN IS KILLED IN CRASH NEAR THIS CITY

(Continued from First Page)

hurled against the railing and his neck was broken, causing instant death.

Others in the car were Jack Knowles, who was driving and Miss Marian Lawson, of Monroe, and Miss Eula Turner, of Gilbert. Miss Lawson sustained several fractured ribs and Miss Turner, was slightly cut as was Knowles.

The party was bringing Miss Turner to Monroe, after she had completed her week's studies at Louisiana Polytechnic institute.

Passing automobiles brought the body of Abbott to a local mortuary, while other members of the party were conveyed here where they received emergency treatment after which they were able to be taken to their homes.

Young Abbott was the only son of Mr. and Mrs. V. M. Abbott, of 110 Pargoud drive. He had formerly been in attendance at the Ouachita parish junior college but at present was in the employ of Montgomery Ward company.

The funeral was held from the residence at 11 o'clock Monday morning.

**Help Kidneys**  
If poorly functioning Kidneys and Bladder cause you suffer from Getting Up Nights, Nervousness, Rheumatic Pains, Stiffness, Burning, Smarting, Itching, or Acidity try the guaranteed Doctor's Prescription Cystex (Sas-tox). Must fix you up or money back. Only 75¢ at druggists.

Interment was in Riverview burial park.

Mr. Clark, who met instant death near Ferriday, was formerly employed by Carr & Carr, this city. The car in which he was riding, Sunday afternoon, crashed into a parked car. Clark was thrown to the paving and his neck was broken, causing instant death.

A companion, Newton Stewart, 39, was driving the car and was only slightly injured. He was held pending the investigation that was initiated Monday morning.

Clark and Stewart had been paying a visit at Natchez and were returning when the accident occurred when their car swerved from behind a negro funeral procession and struck a parked automobile.

The funeral of Clark was held Monday at Mer Rouge. He leaves a widow and six children. George Clark of West Monroe, is a brother and there are several others surviving. R. W. McFarlin, of Gordon avenue, is a brother-in-law.

## SCOTTSBORO CASE BLACKS ARRAIGNED

(Continued from First Page)

for the seven negroes by Samuel S. Leibowitz who asked a severance for each of the defendants.

Attorney General Thomas E. Knight, Jr., designated Patterson to be tried first.

Judge Callahan warned attorneys for both sides that all preliminary motions must be disposed of this week.

Hearing of arguments for a change of venue was set for this afternoon and on the motion to quash the indictment was set for Thursday.

The defendants were brought here under heavy guard from Birmingham, arriving just at sunrise.

There were many vacant seats in the courtroom on opening of court, but most of them were taken by 10:30 when a recess was taken.

## CONFERENCE HELD BY MAYORS UPON LIQUOR CONTROL

(Continued from First Page)

submitted to the city council of Monroe as soon as they can be prepared for submission and I feel that it is my duty to inform all persons who contemplate engaging as dealers in liquor that such regulations are being discussed and that they will be advised as soon as the city council of Monroe has reached definite conclusions as to the details of the subject matter."

## Kill the Cause Of Skin Trouble

This formula for skin diseases is astounding the most skeptical in the marvelous way it heals severe cases of Ringworm, Athlete's Foot, Eczema, Tetter, Itch and other parasitic skin troubles. The minute it touches the sore spot, you feel a soothing, cooling sensation; in a few days you marvel at how your skin has healed. If you suffer with skin diseases of any kind, get from any druggist a 60c box of Tetterine, and get relief or get your money back. (Adv.)

## ROOSEVELT SENDS SUMNER WELLES BACK TO HAVANA

(Continued from First Page)

today to enter into the relaxation he intends to have here on the quiet hills of his "other state."

Warm, sunny weather again lured the president out in his runabout car for a ride about the town here where he fought his way back to health several years ago from an attack of infantile paralysis.

As near as possible, Mr. Roosevelt is here again as just one of the citizens. He did not bring the White House automobile and when he goes out he drives himself in a small open car. The folk, here also regard him as one of their own, unhesitatingly going up to speak with him when he is about.

It is the first visit here by him as president of the United States. A secret service car trailing him when he is on the dusty road is the only open evidence of his change of office.

Driving up to the Meriwether Inn yesterday to meet Ambassador Welles and take him to the cottage farther up on Pine mountain, Mr. Roosevelt called to the ambassador standing on the steps: "Jump in, Sumner."

Later this week and throughout his two weeks stay here, the president will confer with government officials. The industrial administrator, General Hugh S. Johnson, in all probability will be among the first to come. Mr. Roosevelt is watching most closely the progress of the recovery campaign.

Henry Morgenthau, Jr., who as newly appointed acting secretary of the treasury is directing the gold control monetary program also is expected here about Thanksgiving time. He is a friend of the family and this visit is expected to be a dual one, social and business, giving opportunity for a check up on things.

**WALKING MENAGERIE**  
ASHLAND, Ky.—(AP)—Policemen rubbed their eyes and wondered if they were seeing things when they pulled a live snake from the pocket of a prisoner arrested for drunkenness. They did some more rubbing as the culprit delved into another pocket and brought forth a kitten.

The first barge powered with Diesel engines is now operating as a grain carrier on the St. Lawrence canals.

## Sum of \$767 Is Raised To Apply on Church Debt

(Continued from First Page)

A total of \$767 was realized Sunday, "homecoming day," at the First Baptist church, West Monroe, which will be applied on the church debt. A goal of \$2,500 has been set, which it is desired to raise by December 31, next.

The services on Sunday were well attended, stated the pastor, Rev. E. E. Huntsberry, and there was shown a deep interest in the welfare of the church. Five new members were added Sunday and in the past 10 weeks, a total of 40 have united with this church.

## MOVE IS STARTED TO GET FUNDS TO COMPLETE BRIDGE

(Continued from First Page)

tion for public works aid for the bridge provided assurance was given that Louisville avenue would be included in the plans. Following a telephone conversation with highway department officials at Baton Rouge President John M. Beard said that the necessary assurance was given, as this phase of the program was already provided for in the previous allotment of funds. With this assurance Mayor Bernstein said he would join with the police jury president and other officials in a telegram urging the public works committee to allot the funds for completion of the bridge as well as the connecting highway link on the west side of the river.

Work on the Ouachita river bridge was suspended a year ago because of lack of state funds necessary to its completion, due to failure to market state road bonds. The superstructure and bridge approaches, representing about 30 per cent of the construction, remains to be finished. The Louisville avenue approach, including an extension of the street to connect with DeSiard road on the east, involves the building of a little more

than two miles of concrete highway. All of the rights of way for the road have not yet been obtained.

The connecting link between Natchitoches street and the Eros highway is a stretch of between eight and ten miles of highway, now a gravelled road.

Indications Monday were that the petitions asking for public works money to complete the two projects would be largely signed. The papers must be completed by Thursday in order to reach New Orleans for the state public works committee meeting Friday.

## 1933 DIRECTORY ISSUED MONDAY

(Continued from First Page)

tory of householders, and a numerical telephone directory.

As there has been no directory issued for several years there is a well defined need for an up-to-date volume giving information required. The new book is calculated to supply this need completely, stated Mr. Page.

There are 485 pages in the volume, all printed in artistic manner.

The first person whose name appears in the book is Ida Mae Aaron, nurse at St. Francis sanitarium, residing at 309 Oak street. The last name in the book is that of Emilio J. Zufall, who resides at 512 North Fourth street in West Monroe.

The first 401 pages of the book are devoted to Monroe, while the remainder of the volume contains the directory for the city of West Monroe.

Early fall plowing-under of harvested cotton stalks is an important step in boll weevil control.

# IT TAKES HEALTHY NERVES TO BREAK RECORDS IN THE AIR!

HE FLEW AROUND THE WORLD ALONE! Wiley Post climbs out of the Winnie Mae at Floyd Bennett Field as the whole world applauds his skill and marvelous physical endurance. "Smoking Camels as I have for so long," says Post, "I never worry about healthy nerves—and I'm a constant smoker, too."

FLYING EIGHT DAYS AND NIGHTS without a stop, Frances Marsalis and Louise Thaden set the world's endurance flight record for women. Miss Thaden says, "For some years I've smoked Camels. They taste better." Also a Camel fan, Miss Marsalis says, "I've never changed because I can't afford to take chances with my nervous system."

RACING ACROSS AMERICA in 10 hours and 5½ minutes, Col. Roscoe Turner recently added a new West-East transcontinental speed record to the East-West record he won earlier this year. "Like most pilots I smoke a lot," says Col. Turner. "I smoke Camels for the sake of healthy nerves, and I enjoy them more."

A MATCHLESS BLEND

IT IS MORE FUN TO KNOW

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Steady Smokers turn to Camels

Men and women who are famous for their brilliant flying agree about smoking and healthy nerves. "I never worry about healthy nerves," they say, "because I smoke Camels."

They cannot afford to make a mistake in choosing their cigarette. They have to know. And it is more fun to know, because of the greater smoking pleasure they find in Camels. Camels are milder... better in taste. They leave no "cigarette" aftertaste.

Change to Camels... and see for yourself that they do not get on your nerves or tire your taste!

## Army, Duke and Princeton Left in Race for U. S. Grid Title

### EACH OF THREE FACING 2 MORE TOUGH CLASHES

Only Two of Nine Major  
Conference Championships Decided

By Herbert W. Barker  
(Associated Press Sports Writer)

NEW YORK, Nov. 20.—(AP)—It was Army, Duke and Princeton for the mythical national football title today with no positive assurance that any one of the three will be able to wind up the campaign still unbeaten and untied.

These three alone among the nation's major outfits had won all their games and set sail for the last two hurdles with perfect records to spur them on. Army's path still was blocked by Navy and Notre Dame, traditional rivals of the Cadets. For Princeton it was Rutgers and Yale, neither of them pushovers by any stretch of the imagination. Duke looked much stronger than North Carolina State this week, but Georgia Tech might spell trouble for Wallace Wade and the Blue Devils.

Meanwhile only two of the nine major conference championships had been decided today. Nebraska had clinched the Big Six crown for the third year and Oklahoma A. and M. had repeated in the Missouri valley group but the other seven awaited the late returns.

Briefly the contenders for these seven titles were:

East—Army and Princeton, of course with Pitt, beaten only by Minnesota, ready to put up an argument.

Big Ten—Michigan, despite its tie with Minnesota, can clinch the championship by beating Northwestern this week.

Pacific—Though routed by Southern California, Oregon can get no worse than a tie with Stanford if the latter beats California Saturday.

Southeastern—Georgia's defeat left Alabama the leader with Louisiana State the only other unbeaten team within the conference.

Southwest—Arkansas can clinch by beating Texas Friday.

Southern—South Carolina has wound up its conference season unbeaten and Duke can do the same thing by stopping North Carolina State.

Rocky mountain—Denver and Colorado Aggies alone unbeaten with Utah ready to step in should both slip.

Outstanding features of this week's program follow:

East—The annual battles between Yale and Harvard at Cambridge and Army and Navy at Philadelphia top the list without argument. Princeton renews relations with Rutgers after a long lapse. Columbia and Syracuse meet Saturday at Washington & Jeff. Temple and Villanova, Carnegie Tech and New York university, and Lafayette and Lehigh are the other major pairings.

Middle West—The Big Ten campaign winds up with Michigan playing Northwestern; Minnesota, unbeaten but tied four times, battling Wisconsin; Ohio State clashing with Illinois; and Purdue, beaten by Iowa last week for the first time in 21 games, meeting Indiana. Two big intersectional combats pit Notre Dame against Southern California and Dartmouth against Chicago. Detroit and Michigan State collide in their annual struggle.

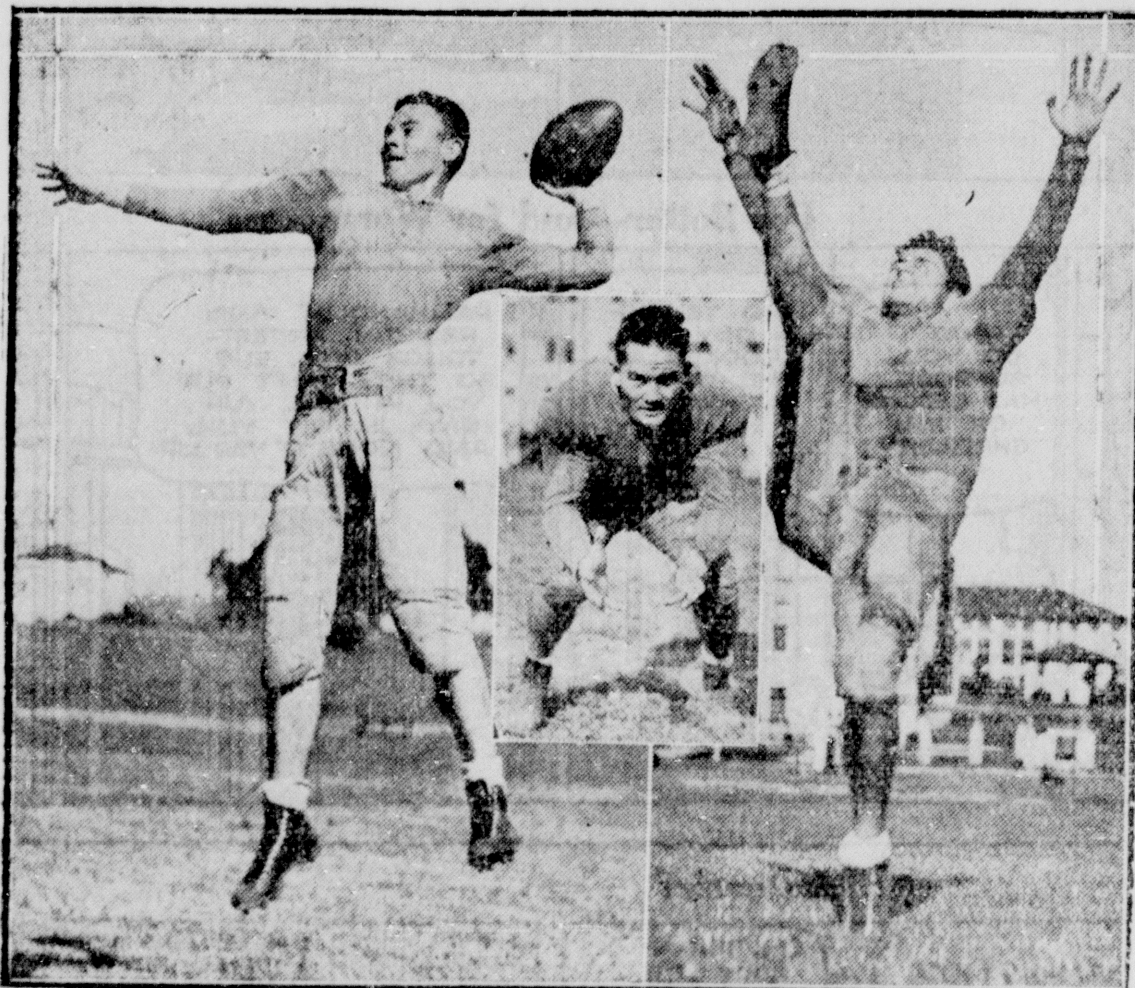

South—Louisiana State's tussle with Mississippi State is the only game involving the Southeastern title since Alabama does not see action until Thanksgiving day when the Crimson Tide faces Vanderbilt. Other conference games involve Georgia and Georgia Tech; Florida and Auburn, conqueror of Georgia; Tulane and Sewanee Duke and North Carolina State top the Southern conference card, marked otherwise only by the Maryland-Washington & Lee clash.

Far West—Stanford faces California in the game that will decide whether the Cardinals will wind up their Pacific coast campaign in a tie with Oregon for the title as well as receive a possible invitation to represent the far west in the Rose Bowl game. Other leading contests send Washington State against Washington and U. C. L. A. against St. Mary's Gaels.

Southwest—If Arkansas beats Texas Friday the Razorbacks clinch the title beyond dispute. Oklahoma's meeting with Baylor is the only one of the windup games will be able to unravel. Southern Methodist and Baylor, Rice and Texas Christian meet in other conference games Saturday.

Rocky Mountain—Colorado Aggies seek to remain in the title chase by beating Colorado college. Denver will not play again until Thanksgiving day when the Pioneers face Colorado university. On the same day the Aggies wind up their campaign against Utah.

### BIG SHOTS OF LOUISIANA STATE BACKFIELD

Above are three of the stars of the Louisiana State backfield, all of whom will be seen in action at Brown field Saturday when the Tigers meet Mississippi State. Abe Mickal is doing the kicking, Bertis Yates is the center figure and Jess Fatherree is the passer.

### LOYOLA ELEVEN DEFEATS DAKOTA BY 26-7 SCORE

Mid-West Team Scores  
Lone Tally With Sensational Play

NEW ORLEANS, Nov. 20.—(AP)—Fighting a futile defensive battle but scoring in one of the most sensational plays of the game, the football squad of North Dakota went under 26-7 before the attack of the Loyola Wolves here yesterday in an "afternoon" game that went past nightfall.

The Loyola team got off to an early start, piling up 14 points in the first quarter, but the North Dakota line strengthened and held them scoreless for the remainder of the half. Jones and Seebor ran 75 and 44 yards, respectively, for the two markers with Roy kicking goals.

In the third period, Calhoun, substituting for Sarpy, ran 31 yards around left end for another Loyola score. In the same quarter Charbonneau made a brilliant run of 65 yards through the entire Loyola team to score the visitors' only touchdown. Pierce kicked goal.

A pass from Sarpy to Roy in the fourth period accounted for the final Loyola score.

The lineup:

Loyola	Pos.	North Dakota
Ballatin	LE	Reichert
Booth	LT	Owl
A. Winters	LG	Schwartz
Sullivan	C	Bentz
Anarconi	RG	Gehrke
Carey	RT	Meinhover
Tullios	RE	Smart
Paul Jones	QB	Daglaw
Seebor	LH	Pierce
Sarpy	RH	Johnson
Sarpy	QB	Charbonneau

Score by quarters:

North Dakota	0	0	7	0	7
Loyola	14 <td>0 <td>6 <td>6 <td>26</td> </td></td></td>	0 <td>6 <td>6 <td>26</td> </td></td>	6 <td>6 <td>26</td> </td>	6 <td>26</td>	26

Scoring: North Dakota, touchdown, Charbonneau; point after touchdown, Pierce (placement).

Loyola, touchdowns, Jones, Seebor 2, Roy; points after touchdown, Roy 2 (placements).

Officials: Referee, R. J. Duote (Auburn); umpire, James T. Cheves (Georgia); field judge, M. J. Donahue (Auburn); head linesman, G. M. Phillips (Ga. Tech).

### 11 TEAMS STILL UNBEATEN, UNTIED

List of Leading Squads  
Led by Emory and Henry College

(By Associated Press)

Emory and Henry college of Emory, Va., set the pace for the nation's 11 undefeated and untied football teams today. The Virginia school had won nine successive games while five others, including Army and Duke, had accounted for eight in a row.

Casualties during the past week included Oregon, Georgia, Nebraska, Tarkio and Rollins, all of whom were beaten, and Michigan, tied by Minnesota.

The undefeated and untied list as compiled by the Associated Press follows:

Points For	Points Against	
Emory & Henry (Va.)	194	6
Bluefield College (W. Va.)	282	19
Murray (Ky.) Teachers	235	25
Kirkville (Mo.) Teachers	203	26
Army	203	6
Duke	175	36
Princeton	164	6
DePauw (Ind.)	156	9
St. Thomas (Pa.)	116	8
St. Cloud (Minn.) Teachers	103	19
Miami (Fla.)	170	12

### CHOCOLATE WILL FIGHT CANZONERI

Tommy Loughran And Ray Impelleriere Slated For Battle

NEW YORK, Nov. 20.—(AP)—Kid Chocolate's invasion of the light-weight ranks to battle Tony Canzoneri and Tommy Loughran's meeting with over-sized Ray Impelleriere continued when the track and field committee unanimously approved the international standard.

Not a dissenting voice was raised in the committee meet as A. C. Gilbert, committee chairman, Henry Schulte, veteran Nebraska track coach, President Brundage, Gustavus Trow Kirkby, one of the "elder statesmen" of the union, and other association leaders made a militant defense of the metric measurement.

The question as to whether the association would give a vote of confidence to the metric system as adopted last year or would return to the old yardage measurement for its track and field events appeared definitely settled when the track and field committee unanimously approved the international standard.

Chocolate, recognized as world's featherweight champion by the New York State Athletic Commission, battles Canzoneri, former lightweight king, over the ten-round route in Madison Square Garden Friday night.

Hardly less interesting is Loughran's clash with the huge Impelleriere at the Coliseum here Wednesday night in a Christmas fund show. The Philadelphia veteran will concede his rival tremendous physical advantages but that will be nothing new to him. Victorio Campolo is almost as big as Impelleriere but Loughran gave the big Argentine heavyweight a fine beating several years ago.

Lou Brouillard of Worcester, Mass., recently shorn of his middleweight title by Vince Dune, will start a campaign among the light-heavyweights, meeting Tony Shucco of Boston in a ten-round at the Boston Garden Friday night.

Reducing the wattage of beacon lights 50 per cent on federal airways will save the aeronautics branch of the department of commerce \$75,000 a year and will not reduce the effectiveness of the lights. Clear cover glasses for the lamps will take the place of the prismatic type used at present.

### Saturday's Grid Stars

(By Associated Press)

Pug Lund, Minnesota — Played a smashing game against Michigan, gaining 102 yards from scrimmage.

Cotton Warburton, Southern California—Caught three passes which led to as many touchdowns in rout of Oregon.

Garry Levan, Princeton — Broke loose for 40, then 25 yards to put ball in scoring position for both touchdowns against Navy.

Preacher Roberts, Tulane—Scored first two touchdowns against Kentucky.

Norman Franklin and Ad Schwamm, Oregon State—Former took opening kickoff and ran 93 yards to score against Fordham; latter booted 47-yard field goal for winning points.

Andy Pilney, Notre Dame—Scored Ramblers' first touchdown in five games as Northwestern was beaten, 7-0.

Joe Laws, Iowa—Sprinted 27 and 55 yards for Iowa's touchdowns against Purdue.

Dick Jorgenson and Joe Pena, Denver—Former scored on 53-yard pass; latter recovered blocked kick for touchdown as Denver ended Utah's Rocky mountain hopes.

Douglas Russell, Kansas State—His runs of 49 and 38 yards enabled Kansas State to beat Oklahoma, 14-0.

Bill Smith, Washington — Scored touchdown, extra point and field goal to beat U. C. L. A., 10-0.

Beattie Feathers, Tennessee — Ran wild against Vanderbilt, scoring three touchdowns.

Jack Smith, Ohio State—Galloped 55 yards for only score of Wisconsin game.

Bob Stansbery, Montana—Grabbed kickoff, ran 96 yards for touchdown against Stanford.

### ANNUAL MEETING OF A. A. U. BEGUN IN PITTSBURGH

Retention of Metric System Seen; Hitler Attitude Hot Issue

By Foster Halley  
(Associated Press Sports Writer)

PITTSBURGH, Nov. 20.—Retention of the metric system for its track and field events apparently assured, the Amateur Athletic Union today opened its 45th annual convention with Germany's anti-semitic attitude the only explosive issue on the agenda.

The political actions of a foreign government become of prime interest to a sports gathering in the United States this year because the 1936 Olympic games have been awarded to Berlin, an award the foes of Adolf Hitler would like to see rescinded.

The German delegation to the last meeting of the international Olympic committee gave a guarantee that no athlete would be barred from the games or from the German team because of his "race, color or religion," but many Jewish organizations in the United States and delegates to the A. A. U. convention apparently are not convinced Germany means it. They would like to see the convention go on record as urging the shift of the games to some other country as a rebuke to Herr Hitler's anti-semitic program.

The A. A. U. itself has no direct voice in the matter but any position it takes on the subject will influence strongly the American Olympic committee when it meets in Washington Wednesday.

With President Avery Brundage in the chair the executive committee wrestled with the problem for six hours but adjourned at 2 a. m. today with the bare announcement that a resolution would be framed for submission to the general convention.

Members of the committee have been bombarded with messages from both the foes and supporters of the present German government and it is understood they are seeking some middle course that would not lead the association into a too contentious position.

The question as to whether the association would give a vote of confidence to the metric system as adopted last year or would return to the old yardage measurement for its track and field events appeared definitely settled when the track and field committee unanimously approved the international standard.

Not a dissenting voice was raised in the committee meet as A. C. Gilbert, committee chairman, Henry Schulte, veteran Nebraska track coach, President Brundage, Gustavus Trow Kirkby, one of the "elder statesmen" of the union, and other association leaders made a militant defense of the metric measurement.

### Garland is Given Sullivan Medal

Named First Recipient For 'Outstanding Service to Sports'

PITTSBURGH, Nov. 20.—(AP)—William May Garland of Los Angeles, president of the organization committee which made the arrangements for the highly successful Olympic games held here in 1932, was named today as the first recipient of the James E. Sullivan memorial medal for "outstanding service to sports."

The medal is a companion one to that awarded annually since 1930 to the outstanding amateur athlete of the year but the award has been passed heretofore.

The Sullivan memorial committee also announced the names of 10 athletes it is submitting to its jury of 600 sports leaders for selection as to the 1934 ten men.

Glenn Cunningham, William R. Bonthron, Ralph Metcalfe, Keith Brown, Pat McDonald, Johnny Morris, Clarence de Mar, Glenn Hardin, Alfred Joachim, Lenore Knight.

All but Miss Knight, champion swimmer, and Joachim, national gymnastics champion, are track and field athletes. In the preliminary balloting Cunningham, and Bonthron, of Princeton, ran almost together, far ahead of the other candidates. They are America's two outstanding middle distance runners but have never met in competition.

### Three Students Lose Coats at New Orleans

NEW ORLEANS, Nov. 20.—(AP)—All was not hospitality in New Orleans for three University of Kentucky students who came here Saturday for the Kentucky-Tulane football game.

The students were walking past a negro beer parlor on Montegut street when a negro with a pistol held them up and stole their three \$9 sheepskin coats.

The students gave their names to police as James Williamson, 22, Oliver Holcomb, 19, and Court Dozier, 22, all of Pineville, Ky.

Airlines in United States flew more miles in July, 1933, than in any other month in history of scheduled air transportation. Planes from the 27 companies operating in United States flew 4,868,717 miles that month.

### L. S. U.'S BATTLE WITH MISS. STATE WEEK'S BIG TILT

Barring Upset, Tigers  
Should Remain In Race  
For Title

By Dillon Graham  
(Associated Press Sports Writer)

ATLANTA, Nov. 20.—Barring an upsurge by Mississippi State against Louisiana, Saturday's Southeastern conference football games should be free of the everlasting sniping at title contenders that has marked this queer gridiron campaign.

There'll be the usual firing, of course, with four intra-conference contests scheduled but the results should have little effect on the championship situation.

After beating Mississippi, 31-0, Louisiana anticipates little trouble from Mississippi State in their tangle. A heavy slate has taken its toll on the State college club and it hardly will possess anywhere near the strength shown earlier when it tied Vanderbilt. The Starkville outfit won from Sewanee in its last test, 26-13.

Auburn, author of one of the year's biggest upsets in its 14-6 triumph over Georgia Tech Saturday at Columbus, goes into action again at Gainesville against Florida.

Florida, benefited by a two weeks' rest and strengthened by the return of the backfield aces, Henderson and Chase, will be at full tide but an attack such as Auburn exhibited against Georgia likely will repulse anything the Gators may offer.

Tulane's Green Wave will flow easily against Sewanee at New Orleans, saving its crushing power for a later game with Louisiana State.

The Greener turned on full power to wash away Kentucky's hopes Saturday, 34 to 0.

Georgia Tech meets Georgia in Atlanta in a battle flavored with tradition and made more interesting because of Tech's sudden show of power and Georgia's defeat by Auburn.

Alabama, jumping into the Southeastern leadership by its 12-0 win over Georgia Tech, will be idle Saturday, awaiting its battle on Thanksgiving day with Vanderbilt. A victory over the Commodores will bring Alabama the title in the event Louisiana loses any of its remaining three games.

Vanderbilt, slaughtered by Tennessee, 33 to 6, will nurse its wounds and await "Bama, while Tennessee also will rest and prepare for its annual tilt with Kentucky.

Mississippi tackles a Centenary team that has not been scored on this year and that earned an impressive 7-0 win over Southern Methodist in its last engagement.

In other contests the Citadel faces Clemson, Centre plays Georgetown, Erskine meets Newberry, and Rollins meets Lenoir-Rhyne.

Howard put in a claim for the Southern Intercollegiate Athletic association championship last week by defeating Mississippi college, 21-0, in its final loop game. However, Murray, with a 13-0 win over Millsaps, and Miami, with an 18-0 decision over Rollins, kept pace with Howard in the title chase.

Scores of other games last week included: Birmingham-Southern 32, Spring Hill 0; Centre 12, Washington and Lee 0; Citadel 13, Oglethorpe 0; Louisville 13, East Kentucky 6; Furman 0, South Carolina 0; Union college 21, Georgetown 0; Louisiana college 30, Louisiana Tech 0; Mercer 13, Clemson 0; Union university 7, Mid-Tennessee 0; Northwestern 0, Chattanooga 0; West Tennessee 13, Tennessee Tech 0.

### BOBBY JONES SAYS

The article, pictures, and chart contributed to the November American Golfer by Messrs. Harold Edgerton and Kenneth Gernsmausen of the Massachusetts Institute of Technology, comprise a most interesting study of what takes place when a golf ball is struck by a club in the hands of an expert player. Almost all of our conclusions concerning the action of the club and ball have been the result of conjecture and theorizing. But now, by means of a photographic arrangement, which the authors call the "stroboscope," we are able to observe the action and have many important factors measured for us within satisfactory limits.

In the tests recounted, Francis Culmet drove nine balls, and by means of some very skillful high speed photography, the clubhead and ball were photographed during the area immediately prior to and immediately after impact. Three clubs were used, all with shaft and grip weighing six ounces, but with head-weights respectively of six, eight and one-tenth, and 12 ounces. The total weights of the three clubs were thus twelve, fourteen and one-tenth, and eighteen ounces. Three balls were driven with each club and the average observation used. By calculations from the change of location during a known interval of time, it was possible to arrive at the velocity of the clubhead before and after impact, the initial velocity of the ball, the rate of backspin of the ball, and other interesting figures.

Minimum of Backspin  
There is nothing startling to be deduced from the results of these tests. In the main they are merely confirmation of principles which had been already recognized. But the demonstration that a fine wood-club player like Ouimet actually did swing the club so that it reached the low point of its arc before striking the ball, is certainly comforting news to those who have declared that the greatest distance was obtainable this way. And the fact that even this kind of stroke imparted some backspin confirms the conception that although theoretically a ball could be struck with overspin, such a thing was, as a practical matter, impossible if the ball was truly struck below center. I have always been careful to say that the ideal driving stroke was intended to impart a minimum of backspin consistent with control. Of course, theoretically, there would be no spinning effect if the contact should be made while the plane of the club-face was exactly square to the direction of its motion and if the force were directed precisely toward the center of the ball. But these are conditions very difficult to fulfill in actual play.

It would have been very interesting if a comparison could have been made of Ouimet's normal driving swing, taking the ball shortly after passing the low point of the arc, and a swing which made contact a little before this point was reached. The downward stroke should have produced a higher rate of backspin. It would have been interesting to have a measure of this effect.

Different Weight Clubs Used  
The authors, assuming both club and ball to be perfectly elastic, calculate what would be the maximum theoretical ball velocity obtainable from each club traveling at the speed which Ouimet was able to give it before impact. These worked out to be 285 feet per second for the 12-ounce club, 252 for the club of 14 ounces, and 241 for the eighteen ounce club. The actual ball velocities were considerably less than this—73 per cent of the theoretical maximum for the lightest club and 74 per cent for each of the other two. I assume that a good portion of this discrepancy was due to the imperfect elasticity of the club and ball, and some part to the use of some of the energy of the club in spinning the ball. But it would be interesting to see what sort of showing the average golfer could make against the theoretically perfect figures. Of course, one would expect his speed to be less, and most likely that he should not make such

### BOBBY JONES SAYS

### YOUTH'S LIFE ENDANGERED By Injuries In Grid Game

BROWNWOOD, Tex., Nov. 20.—(AP)—Internal injuries received in a football game endangered the life of Edward L. Long, 20, of Tallahassee, Fla., a freshman at Daniel Baker college, in a hospital here today. Little hope was held for his recovery.

Long suffered a ruptured intestine Saturday in a game here between the Daniel Baker freshmen and the Kelly Field Fielders of San Antonio.

An emergency operation was performed yesterday in an effort to save his life. Doctors J. S. McCelvey and Maxwell Murphy of Temple flying from Waco to perform it.

Long is the son of Mr. and Mrs. J. R. Long of Tallahassee. He has been living at the home of an uncle, Dr. E. L. Maxwell, while attending college.

### MASCOT LIKES WATER

SAN FRANCISCO.—(AP)—While the U. S. Constitution was tied up here, the mascot of its escort ship, U. S. S. Grebe, spent lots of time in the water. Commodore Scrapy, a 9-month-old bear cub, became proficient in diving from the Grebe's deck, but had to be helped up a ladder.

### FEATHERS LEADS GRID SCORERS IN S' EASTER LOOP

Three Markers Put Tennessee Halfback 21 Points Ahead

ATLANTA, Nov. 20.—(AP)—Beattie Feathers, part Indian halfback of the Tennessee football team, found his happy hunting ground in Vanderbilt territory last Saturday and scored three touchdowns to bring his total to 12 for the season.

That put him 21 points ahead in the Southeastern conference scoring race with an aggregate of 72 points against the 51 held by Cy Grant of Georgia, his nearest rival.

Millard Howell of Alabama jumped into third place by crossing Georgia Tech's goal line twice in Saturday's game with 48 points. That left Buck Chapman, Georgia's star back, in fourth position, although he was unable to play against Auburn at Columbus.

Tulane's rout of Kentucky at New Orleans, placed two Greenies as newcomers to the group of scoring leaders. Thomas went over for three touchdowns and Roberts for two in the Kentucky game.

Leaders are:

Player	Points	Games	Avg.
Feathers, Tennessee	72	6	12
Grant, Georgia	51	7	7.3
Howell, Alabama	48	2	24
Chapman, Georgia	48	5	9.6
Thomas, Tulane	48	2	24
Conner, Vanderbilt	45	5	9
Roberts, Tulane	42	4	10.5
Kercheval, Kentucky	36	1	36
White, Mississippi	4	4	1
Gunter, Mississippi	4	4	1
Hulton, Mississippi	4	4	1

### LEGAL NOTICES

In the Matter of the Succession of L. W. Mobley, Number 2584 Probate, State of Louisiana, Parish of Ouachita, Fourth District Court.

Be it known that I, Maud Crume Mobley, executrix, pursuant to an order of the Fourth District Court, will offer for sale at public auction at the west door of the Courthouse of the Parish of Ouachita, on

SATURDAY, NOVEMBER 25TH, 1933, between the legal hours of sale, certain real estate situated in the Parish of Ouachita, Louisiana, in the above entitled and numbered cause and to me directed, I have seized and taken into my possession and will offer for sale at the western front door of the Court House in the City of Monroe, Louisiana, between the legal hours of sale, on

SATURDAY, DECEMBER 2ND, 1933, the following described property, to-wit: Lot 2 of Block 4 of Marie Place Addition to the City of Monroe, Louisiana.

Seized as the property of the defendant and will be sold to satisfy said writ of fi fa and all costs.

Terms of sale, cash, with the benefit of appraisement for the portion of the mortgage due with interest and attorneys' fees on the whole sum and on terms of credit corresponding to the terms of the original mortgage.

MILTON COVERDALE, Sheriff.

## YOUTH REVIVAL IS OPENED SUNDAY

Many Attend First Christian Church; Pastor Makes Appeal

"Looking at God through the mind of Youth," was the subject of the sermon delivered by Rev. Thos. F. Jett, Sunday evening, at the opening service of a one-week youth revival being conducted at the First Christian church this week. In attendance at the service were special delegations from the Y. M. C. A. and Y. W. C. A. of the junior college, and also the parish high school glee club, under the direction of Mrs. Geo. A. Moffett.

Speaking to a large audience that practically filled the church to capacity, most of whom were young people, Rev. Jett stated in part:

"I bring to your attention tonight, young people, the God idea for your consideration. Not that I am able to tell you all about God, but that we together shall be led to search him out. I want you to try to see God through your own mind so that when you find him he will be real to you. Some one has said that God has failed, the church has failed, and that religion has failed. But I hope to prove to you before this week has passed that they have not failed, but rather, if there be any failure, it is on the part of man in his meager attempt to fulfill the mission of God, the church and religion. What we surely need is not a new God, but a new discovery of God as he really is."

"The church is fighting for its life. That fight, you can be sure, will not be won unless it is won by youth, Christian youth, who have as much sacrificial devotion to Christ and his teachings as let us say, Communist youth have for Lenin and his teachings. It will not be an easy fight, be sure of that. And it will not be won in a year. But it might be won in a generation—if we had a generation daring enough and devoted enough to win it. Remember—today's youth will determine tomorrow's world. Are we going to let it be a world of atheism? Let us look at God just as we know him. As Creator—Giver of Life—and Personal Comforter."

## BUILDINGS NEAR RIVER REMOVED

Rapid Progress Reported In Clearing Rights-Of-Way

Rapid progress is being made in the removal of houses to make ready the right-of-way for levee construction in Monroe. A large number of buildings on both the north and south side of the city have been moved or are to be moved to other sites.

Seven houses on Hawes street have been removed and about four in the 2900 block of South Grand street are already gone, opening up close approach to the river bank.

The store of F. L. Watts and the Riverview hotel are to be moved early this week and still other buildings in the vicinity are marked for early removal.

The Riverview hotel will be one of the larger structures to be removed.

Jimmy Wilce, son of Dr. John Wilce, former Ohio State football coach, played in a "kid game" curtain-raiser to the Buckeye-Indiana clash at Columbus.

## Assistance Is Given Seven-Year-Old Girl

Child On Way to Richland Cared For by Local Red Cross

(EDITOR'S NOTE: This is the fifth of a series of stories based on case records on file at the office of the American Red Cross. It illustrates one phase of the diverse work of the relief agency. The annual roll call of the organization, the means by which it obtains funds to give aid to destitute humanity, started November 11 and continues through November 30.)

A brown-haired little girl, six or seven years old, descended from a morning train at Monroe. A woman attendant helped her down the steps of the car.

Safely on the station platform the little girl glanced about with frightened, doe-like eyes. She was absorbed in the strange scenery. The attendant, who was holding the child by one of her hands, also peered around. Her glances, however, had a more practical purpose. She was looking for some one.

A woman emerged from the crowd and advanced toward the little girl and her attendant. She and the attendant exchanged a few words. The latter passed the child's hand to the former.

Tears streamed down the little girl's cheeks as the attendant again boarded the train and the woman into whose care she had been entrusted led her from the station platform.

The woman was the executive secretary of the Ouachita parish chapter of the American Red Cross.

Although her mother was living the little girl had just as well have been an orphan. Because her second husband didn't like the child, the mother had allowed her to be mistreated, had even contributed, herself, to her daughter's misery.

The child's plight had come to the public notice, and a district judge acting as a juvenile jurist, had committed the little girl to the care of a children's home in Shreveport.

She was now on her way back to Richland parish, from whence she had been sent, to make her home with an aunt. This had been made necessary by the closing of the children's home. Its suspension of operations was due to lack of funds.

When the closing of the home became imminent, the Richland parish chapter of the Red Cross had been requested to find a home for the little girl. This it had done.

And here's where the interlocking service of the Red Cross comes in. The Richland chapter had informed the Ouachita chapter that the child would be attended as far as Monroe, and requested that the executive secretary of the latter chapter look after the safe transportation of the little girl from Monroe to her ultimate destination.

From the train, the Red Cross secretary took the child to the office of the Ouachita chapter. There, for a time, despite every effort to reassure her, she was, until she found the secretary and assistant secretary were her friends, pitifully disconsolate.

The sympathetic secretary and assistant endeavored to find what the trouble was. They made repeated inquiries.

"Nothing," was the invariable, meek reply of the little girl, made between convulsive sobs.

Eventually, though, when the child had cried her eyes dry and had decided she was with friends, she con-

fided to the secretary she was hungry. Breakfast was provided immediately—the kind that children like. Moreover, she was given toys, some of the playthings collected by Junior Red Cross members for distribution among underprivileged children.

The little girl was won over completely. For the remainder of the day, she was as happy as a solitary little girl could possibly be.

At noon she was given lunch, and during the afternoon she was taken by automobile to the home of her aunt by the secretary.

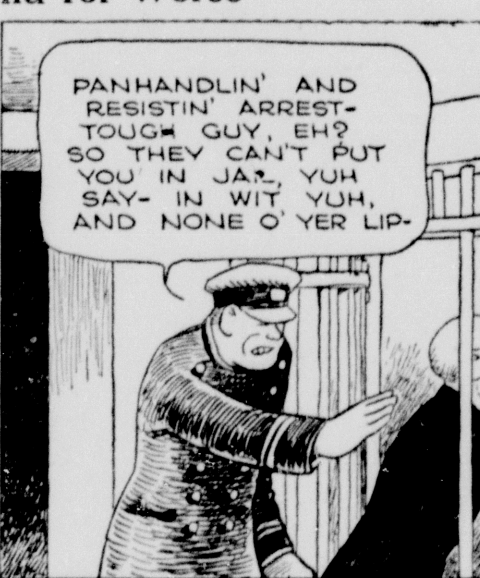

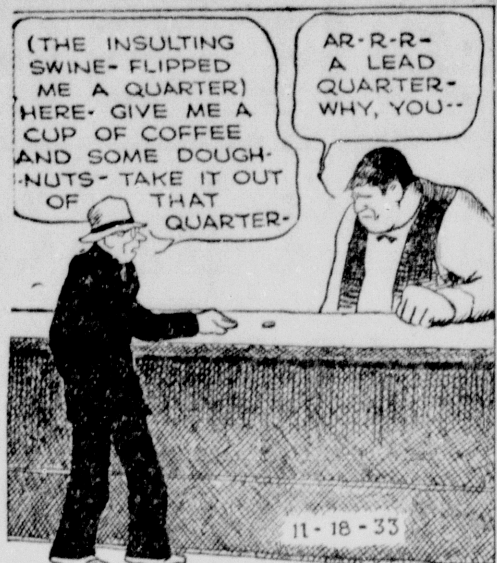

## Two Men Are Arrested On Counterfeit Charges

WACO, Tex., Nov. 20.—(P)—The finding of \$2,350 in spurious \$5 bills hidden in an accordion in the automobile they were driving led to Angelo Rich, 40, and Paul Rose, 36, being held in the McLennan county jail today on charges of possessing and passing counterfeit currency.

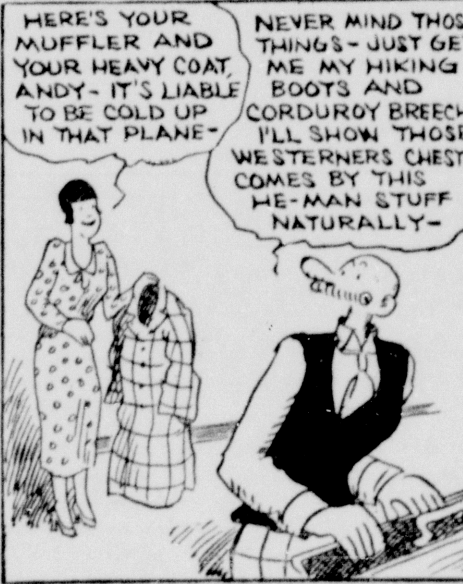

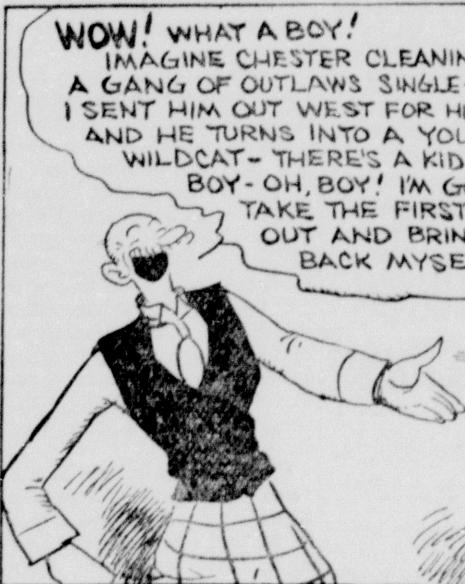

The two men, who said they were from Detroit, Mich., were arrested last Friday night by Waco police after Corsicana officers had complained of three bogus \$5 bills being passed there. Detective Robert Van Wie found the counterfeit in the accordion.

The 11th Observation Squadron of the Texas National Guard has found a use for parachutes condemned for human use. They were used recently for dropping supplies to parties marooned in the marshy sections of Texas.

## ROSENWALD FUND TRUSTEES MEET

Three New Members Elected at Gathering In New Orleans

NEW ORLEANS, Nov. 20.—(P)—Trustees of the Julius Rosenwald fund, holding their annual meeting in New Orleans, elected three new members over the week end.

The new trustees are Dr. John J. Coss of Columbia university, New York City; Leonard Reiser, Chicago attorney and Professor Charles H. Judd, director of education at the University of Chicago.

Their meeting was held here at the residence of Mrs. Edgar B. Stern, a trustee of the fund who is the daughter of the late Julius Rosenwald, creator of the foundation.

Edwin R. Embree of Chicago, president of the foundation, said the Rosenwald fund is endeavoring to "bring about intellectual leadership in the south."

He said that high standards for secondary schools, which the foundation sponsors, have been set in their sections by Harvard, Yale and the University of Chicago.

"If a few institutions in the south like Tulane, Vanderbilt and the University of North Carolina," said Mr. Embree, "would set similar standards, it would spell intellectual leadership for the entire south."

## "B. C." Relieves Your Headache In 3 Minutes

Realizing that no one drug can relieve all headaches, as they come from so many causes, a North Carolina pharmacist has developed a combination of several ingredients, so blended and proportioned as to relieve almost any headache in a few minutes. You can get this formula wherever drugs are sold under the name "B. C." 10c and 25c packages, and when you have one of those violent nerve-racking headaches, from inorganic causes, "B. C." will give you soothing relief in three minutes. "B. C." should also be used for the relief of muscular aches and pains, common colds and neuralgia, reducing fever, and for quieting a distressed nervous system without opiates, narcotics or such habit forming drugs. (adv.)

## LOVELY, SMOOTH SURFACE —no unsightly knots

Unmarred by hard knots, the Rome Slumberon Mattress presents a beautiful, even aspect through special eyelet tufting. The tufting cords are machinecut and tied, guaranteeing uniformity.

Beauty is also added by the corded side walls, so strongly reinforced that they will not sag or break down.

The excellent inner-spring construction of the Rome Slumberon Mattress, permanently held vertical in units of four, provides equal resiliency at all times throughout the entire mattress. No habitual hollows will be formed, and after years of service, it will retain uniform smooth surface.

Just compare the Rome Slumberon Mattress with other mattresses. You will then welcome it in your home, it will provide the most refreshing, relaxing slumber you have ever known.

## OBITUARY

**MARGARET ELIAS**  
Margaret Elias, 10, daughter of Mr. and Mrs. Sam Elias, died at the family residence, 507 Erin street, Saturday night.

Surviving are the parents and two sisters and one brother.

The funeral was held Sunday afternoon at Grace church, with the Rev. E. F. Hayward, officiating. Interment was in Riverview burial park.

**WILLIAM WOOD**  
William Wood, 75, died at 106 South Fifth street Sunday at 3 p.m. The funeral was held at the house at 1 p.m. Monday. The body was taken to Winnsboro for interment.

Surviving are the widow and the following children: Mrs. W. T. McKinney of Gilbert, L. W. Wood, of Winnsboro, E. W. Wood of Delhi, Mrs. Paul Montkoski and Mrs. J. C. Roan of Monroe.

**J. L. WISINGER**  
The funeral of J. L. Wisinger of Smackover, Ark., but formerly of West Monroe, was held at 3 p.m. Wednesday at Cross Roads cemetery, with Reverend Wilson officiating.

Surviving are the widow and seven children, who are: Guy Wisinger of Minden, Mrs. L. A. Dauby of Morton, Miss, Mrs. C. R. Hunter and Frank Wisinger of Monroe, Mrs. J. R. Bostian of Albermarle, N. C., and Leslie and Ethel Wisinger of Baton Rouge. Sisters and a brother surviving are Mrs. H. L. Prichard and Mrs. W. T. Walker of Monroe and Jack Wisinger of Lewishurst, Ark.

**ROBERT R. SEDBERRY, JR.**  
Robert R. Sedberry, Jr., aged eight months, died at a local hospital Saturday night. He was the son of Mr. and Mrs. Robert R. Sedberry, of 216 Adams street. Surviving are the parents and three sisters.

The funeral services were conducted Sunday afternoon at the Mulhearn funeral home, with Rev. W. C. Scott, pastor of the First Methodist church, officiating.

Interment was in Riverview Burial park.

**Monroe Firm Is Awarded Barksdale Field Work**  
Contract has been awarded to Landis and Young, of Monroe, contractors, for the construction of 13 double size non-commissioned officers' quarters at Barksdale field in Shreveport. The total cost is to be \$177,708.

The original bids were taken October 23 for the construction 11 double size non-commissioned officers' quarters, J. A. Moraw & Owens company, being low bidders, but were released from their bid due to an error in the figures.

**Shotgun And Handbag Are Reported As Stolen**  
The theft of a shotgun from R. L. George of Crescent Bend addition, and the theft of a handbag from W. H. Coffin, of Dallas, Tex., were reported at police headquarters here Sunday.

Mr. George said his shotgun had been taken sometime during the past week, while Mr. Coffin reported that the handbag was stolen from his automobile parked in front of Alvis hotel. The bag contained a quantity of men's clothing he said.

Nevada produced approximately 500,000 tons of hay this year.

## 2 PROBLEMS ARE THRUST FORWARD IN CONFERENCES

Russo-American Parleys Concern Far East, Economic Issues

WASHINGTON, Nov. 20.—(P)—Far eastern and economic problems were thrust forward today as issues of major Soviet concern in the Russo-American accord as Maxim Litvinoff entered new conferences on debts and claims.

Moscow's appointment and state department approval of Alexander Antonovich Trovanovsky as the first Soviet ambassador immediately stressed two factors:

Trovanovsky is fully conversant with the Japanese situation in Manchuria, having completed a five-year ambassadorship to Tokyo only last January.

He is trained in Russia's commercial needs through service as president of the board of directors of the state trading corporation and as a member of the collegium of the people's commissariat for foreign trade.

Litvinoff returned today to work re-imposed before his departure. Debts, claims and counter-claims were scheduled for discussion at the state department, but further conferences were expected between Litvinoff and Acting Secretary Henry Morgenthau, Jr., of the treasury, on trade relations.

Trovanovsky's intimacy with such subjects prompted the impression in some quarters that detailed trade talks may be left for him and the Amtorg Trading corporation after Litvinoff has reviewed important policies.

His selection also added prominence to the Manchurian-Siberian difficulties and to some recalled the expression employed both by President Roosevelt and Litvinoff in their recognition letters—that the new friendship would be "for the preservation of the peace of the world."

**BETTER UNDERSTANDING SEEN IN APPOINTMENT**

TOKYO, Nov. 20.—(P)—Better understanding between Russia, Japan and the United States was seen by a foreign office spokesman today as likely to result from the appointment of Alexander Trovanovsky as Soviet ambassador to Washington.

Trovanovsky is a former Soviet ambassador to Japan.

"Mr. Trovanovsky is a good friend of Japan," the spokesman said. "His presence at Washington should be a potent factor in better understanding between America, the Soviet and Japan."

"Trovanovsky's intimate knowledge of the oriental situation will enable him to reassure the American government concerning Russo-Japanese relations and prevent its giving credence to fantastic rumors."

## STEINAU FUNERAL HELD ON SUNDAY

Rites for Brother of Mrs. Arnold Bernstein Are Conducted

The funeral of Lee Steinau, prominent business man of Dallas, who died Saturday afternoon after a long illness, was held Sunday afternoon from his late residence in that city. Mr. Steinau, who was 65 years old, was a native of Monroe, a son of the late David and Sybil Steinau, pioneers of this city. He left this city in early manhood to engage in business in Dallas and has lived there ever since. He had been in ill health for several years. His condition became serious early last week, and his death was not unexpected.

Mr. Steinau was a brother of Mrs. Arnold Bernstein and Mrs. Leopold Baer of this city. Mrs. Phil Lowenburg, of Dallas, whose husband died about ten days ago, is another sister.

Mr. Steinau is also survived by his widow, one son and a daughter, and three brothers, Henry Steinau, Shreveport; Albert Steinau, Dallas; and Joe Steinau, New Orleans, besides several nephews and nieces. Mrs. Edgar Florsheim of Monroe, is one of the nieces. He was a brother of the late Mrs. Jonas Meyers of this city.

He was well known to a large number of friends in Monroe where he had been a frequent visitor. Relatives here had gone to Dallas recently to visit him, aware of his serious condition.

## Long Fish Hatchery Sign Near LaCombe Is Burned

MANDEVILLE, La., Nov. 20.—(P)—The apparent firing of a Huey P. Long fish hatchery sign near LaCombe, was reported here yesterday in what looked like a demonstration similar to the recent destruction of Long-Allen markers on the Shreveport Red river bridge.

The fish hatchery sign, a 20-foot affair on the Covington-Slidel highway was almost burned up before Herbert Smith of Mandeville, a motorist, saw the sign ablaze and reported the matter to W. H. Davis, St. Tammany police juror. Smith said he saw a carload of men leaving the burning sign and pursued them for 12 miles but was outdistanced.

A government subsidy of 33 per cent of the total wages paid on construction projects has resulted in a rapid increase in home building in New Zealand.

**Thedford's BLACK-DRAUGHT Family Laxative**  
"Children like the Syrup"

## TODAY'S AMUSEMENTS

AT THE PARAMOUNT—"Good in the pinches!"

That's the way Slim Summerville describes his co-star ZaSu Pitts, who appears with him in "Love, Honor and Oh, Baby!" now playing at the Paramount theater Monday, Tuesday and Wednesday. And that is the same way that Miss Pitts describes Summerville.

There is a story behind that remark—a very different story than that which appears on the surface.

For years—ever since they started working together—they have been pinching each other at the most important moments in their scenes. The director will be holding his breath, the cameras will be turning, and Slim, with an expressionless face, will be leading ZaSu when suddenly—ouch! ZaSu has seized a bit of flesh on Slim's arm and has firmly and none too gently squeezed.

Slim, unable to do anything about it—he hasn't been able even to grin—has borne this cross. But the next scene? Well, there are ways of getting even. And he does. Holding her arm firmly he applies the same measures.

Then she, standing before the camera, looking sad, can't change her expression one iota.

The public, the director, the other players, never guess what's going on. But that's the little game they play constantly. And it is a game. They have high respect for each other as artists. They are the best of friends.

## GIRL TO BE CHOSEN AS 'MISS SUNSHINE'

December 5 is the 18th anniversary of the inauguration of the Sunshine Special, which is the only through train service between the United States and Mexico City.

In celebration of this event, the Missouri Pacific Booster club of Monroe will select a young lady, whose eighteenth birthday falls in the month of December, to be known as "Miss Sunshine." The girl selected will be given a free all-expense trip to St. Louis, chaperoned by a Missouri Pacific official and wife, and accompanied by other winners from the following points: Texarkana, Dallas, Fort Worth, El Paso, Austin, San Antonio, Mexico City, Palestine, Laredo, Houston, Galveston, Rio Valley, Alexandria and New Orleans. She will leave Monroe on the Sunshine Special at 9:30 p.m., December 4th.

The prize will include round-trip rail transportation, round-trip Pullman lower berth, all meals en route on the diner and hotel meals while in St. Louis. The entertainment will include sight-seeing tours, theater parties and night clubs, with time off for shopping. Returning, she will leave St. Louis on the Sunshine Special at 6:30 p.m., Wednesday, December 6th, arriving at Monroe at 8 a.m., December 7th. The contestants who are not selected for the grand prize, will be awarded a souvenir present at the train on the date the winner departs. Contestants should get in touch with S. A. Moss, telephone number 2400. All entries must be in not later than November 22nd.

**Heart Attack Proves Fatal For Legislator**

LAFAYETTE, La., Nov. 20.—(P)—The victim of a heart attack, State Representative Gaston Thibodeaux, who has represented St. Martin parish in the legislature since 1916, died Sunday afternoon at his home near Breau Bridge. He was 49 years of age. Funeral services were held today.

Mr. Thibodeaux was chairman of the house committee on game, fish and oysters and was a member of the committees on roads and levees. He was a member of the parish police jury and was active in civic projects.

His widow, three sons, a daughter and wide family connections survive him.

**LEGION POST TO MEET**  
The Walter L. Smith post of the American Legion at Sterlington will hold an important meeting at the Arkansas plant Tuesday night at 7:30 o'clock, it was announced Monday. All members are urged to be present.

## NOW EXTENDED TO INCLUDE ENTIRE MONTH OF DECEMBER

**GRLS!**  
Will Your 18<sup>TH</sup> BIRTHDAY BE IN DECEMBER?

December 5, 1933 is the 18th anniversary of the inauguration by the Missouri Pacific Lines of The Sunshine Special—the finest international train in the world.

The employees of this railroad are making elaborate plans to celebrate this event. One of their plans will be the staging of a personality contest to select a young lady in Monroe whose 18th birthday occurs in December, 1933, who will be known as "Miss Sunshine."

**The Rules of the contest are simple:**

1. Your 18th birthday must occur in December, 1933.
2. You must be a resident of Monroe.
3. You must be prepared to submit satisfactory proofs of the above facts.
4. No employee of the Missouri Pacific Lines or any member of his family is eligible.
5. All entries must be in by Wednesday Noon, November 22.

**Booster Club of Monroe**

**MISSOURI PACIFIC LINES**

## ALTERED LAWS MAY HIKE TAX UPON INCOMES

Wealthy and Corporations Would Bear Brunt Of Increase

WASHINGTON, Nov. 20.—(P)—Revision of federal revenue laws may call upon wealthy individuals and corporations to pay \$300,000,000 to \$400,000,000 additional income taxes annually without an increase in rates.

The plan already formulated by a house ways and means sub-committee, contemplates wiping out many modifications made since 1920, in the administrative features of the income tax law.

Many exemptions now allowed both individuals and corporations may be entirely eliminated. Whether corporations shall be allowed to continue to file consolidated returns is just one question the sub-committee plans to submit to the full group at hearings beginning December 4.

Reduction in the present 50 per cent allowance for depreciation and the limitation of amounts allowed for depletion also are to be reported on them.

The sub-committee, headed by Representative Sam Hill, Democrat, Washington, today turned over to tax experts of the joint congressional internal revenue committee the findings of its weeks of study. These are to be put in a concise report for the full committee.

In its study the sub-committee found constitutional questions and rulings of the courts blocked many proposals to strengthen the income tax law. However, Hill predicted that if the sub-committee's recommendations are enacted by congress, "between \$300,000,000 and \$400,000,000 can be raised without an increase in rates."

## Teflis Grotto Will Hold Dance On Nov. 29

The second fall dance of the Teflis Grotto is to be held at Riverside country club on November 29, at which time the floor show will be the best one thus far presented, state the committee in charge.

While the dance is to be a "tacky" affair, those who are not inclined to come thus attired, are permitted to dress as they would on ordinary dance occasions. The party is for prophets and blue lodge Masons and all are urged to come and make oneself at home.

Some one is to get a big turkey to take home for that Thanksgiving dinner.

The committee is anxious that all attend and have a first-class time.

Unless land is terraced, continuous cropping of cotton on about 36,000,000 acres in Oklahoma and Texas will result in wearing away all top soil in 30 years, the department of agriculture says.

"The buying public has been overworked with appeals in advertising that feature low prices. This is wrong," stated Mr. Nichols, "quality is more important than low price. For example, Why feature that one sells women's hose at 59 cents, when one can advertise that the superior quality of 89 cent hose will outwear three times the lower priced article?"

A large number of merchants were present and were asked to question the speaker on any points on which enlightenment was sought. This was done and all left well satisfied with the educational value of the night's program.

Mr. Nichols left Saturday for Jackson, Miss., to conduct a similar meeting with merchants of that city.

**VALUABLE COUPONS** on Larabee's Best Flour are being distributed by a group of young ladies in Monroe and West Monroe homes.

## Civil Service Board To Allow Time Extension

The United States Civil Service commission announces an extension from November 14 to December 1 of the closing date for receiving applications for the following positions in the Indian service:

Teacher of home economics, senior high school, \$2,000 a year, teacher of home economics, reservation and junior high school, \$1,860, and junior teacher of home economics, \$1,620. The maximum age limit for teachers has been raised to 53 years, and the age limit for junior teachers to 40 years. Age limits do not apply to persons granted preference because of military or naval service, except that such applicants must not have reached the retirement age.

E. H. Jennings is district manager of the New Orleans office and from whom additional information can be secured.

## Special Program Given In Fairbanks Church

A special program was held Sunday night at the Methodist church in Fairbanks. Members of the Service league from Collinson were responsible for the program which was declared to have been of a high order. It is the purpose of the leagues in Monroe, West Monroe, Bastrop, Mer Rouge and Collinson, to aid in the formation of units of this nature in Methodist churches where none at present exist.

## Mass Meeting Will Be Held In Natchitoches

A mass meeting, parish-wide in scope, is to be held in the high school auditorium, Natchitoches, Wednesday, November 22 at 7:30 p.m. to which the public is cordially invited.

Among the speakers of prominence will be Judge J. F. Stephens, Judge Harmon Drew, Senator Grundy Cooper and John A. Sewell, Jr. Mayor George W. Hardy of Shreveport is also on the program for an address.

## Round Table Meeting Of Scoutmasters To Be Held

A round table meeting for Scoutmasters of the Ouachita parish district is to be held Monday night, Scoutmaster L. B. Pettit is to entertain with a spaghetti supper at his residence.

At this meeting, plans are to be formulated for participation on the council-wide rally next spring. Also the list of merit badge counselors will be completed at the round table meeting.

## Blue Star Ends Eczema Itching

To relieve eczema itching, ringworm, tetter, rash or foot-itch, cover with soothing Blue Star Ointment. Tested medicines melt and quickly soak in killing germs. Itching ends. Skin heals. No burning—no blistering. Safe and reliable. (adv.)

## THREE INJURED AS PIPE IS UNLOADED

Workmen On Levee Work Hurt Sunday; Will Recover

Martin Kingman, 33, of Houston, Tex., Nathan Cain, 21, and Wilbur Maddox, 20, both of Pitkin, were in the St. Francis sanitarium here Monday after they had been injured Sunday afternoon while unloading pipe for levee construction from a gondola car near the Brown paper mill.

Although none of the men were thought to be critically hurt, Cain suffered severe contusions of the head and bruises about the body. Kingman has a broken left ankle and Maddox has a sprained back.

The accident was said to have occurred when a timber, used in moving the pipe from the car, broke. The men were standing on the car when the pipe fell causing Kingman and Maddox to be thrown to the ground. Cain was hurled backward into the car and knocked unconscious.

An ambulance was summoned and the men were rushed to the sanitarium here.

## Bronchial Infections Need Creosote

For many years our best doctors have prescribed creosote in some form for coughs, colds and bronchitis, knowing how dangerous it is to let them hang on.

Creosolium with creosote and six other highly important medicinal elements, quickly and effectively stops all coughs and colds that otherwise might lead to serious trouble. Creosolium is powerful in the treatment of all colds and coughs, yet it is absolutely harmless and is pleasant and easy to take.

Your own druggist guarantees Creosolium by refunding your money if you are not relieved after taking Creosolium as directed. Beware the cough or cold that hangs on. Always keep Creosolium on hand for instant use. (adv.)
